Ike Declares He Can Perform His Duties As Well As Ever

LUCY ARRIVES FOR HEARING — Autherine Lucy, center, 26-year-old Negro coed at the University of Alabama, arrives at U. S. District Court at Birmingham, Ala., for hearing of her petition for an order requiring the school to re-admit her to classes. Mrs. Ruby Hurley, right, regional secretary for N.A.A.C.P.

Court Wednesday Ordered Her Readmitted

Univ. Of Alabama Expells Negro Coed

BIRMINGHAM, Ala. (AP) —Autherine Lucy, Negro coed, today was expelled from the University of Alabama for unproved charges that school authorities conspired in mob action against her.

There was no official announcement from the Board of Trustees, but members confirmed that the action was agreed upon at meeting Wednesday night. They asked that their names not be used.

The action came within hours after U. S. Dist. Judge H. Hobart Grooms Wednesday ordered the board to vacate an order excluding the 26-year-old Birmingham woman from the campus for safety reasons. He gave the university until Monday to take the action readmitting her.

There was no immediate comment from the National Assn. for Advancement of Colored People, which had sponsored her 2½ years legal battle to get admittance to the all-white school.

Taken By Surprise

The action took NAACP officials here by surprise.

A hasty effort was made to stop Thurgood Marshall, NAACP legal counsel who represented Miss Lucy at the hearing before Judge Grooms Wednesday. Marshall had planned to leave here today.

At the start of the hearing Wednesday, Marshall was allowed to drop allegations that the trustees and university officials named as defendant had conspired with outsiders in mob rioting that drove Miss Lucy from the campus at Tuscaloosa Feb. 6.

Marshall told the court that "after careful investigation we are unable to produce any evidence to support these allegations. This amendment takes out every single allegation of conspiracy."

Atty. Andrew Thomas called the conspiracy charges "scurrilous." He objected heatedly when Grooms eliminated them from the action, saying that the university should be given an opportunity to answer them.

Miss Lucy had said she was "naturally pleased" when the judge ruled in her favor.

In Birmingham, the Lucy decision was bigger news in the Birmingham Post-Herald than President Eisenhower's announcement that he was available for renomination.

The first major reaction came from Ace Carter, executive secretary of the North Alabama White Citizens Councils, an affiliation of 45 prosegregation organizations.

Carter called a mass meeting here for March 9 and predicted an attendance by 15,000.

"We believe we have found a solution to Grooms' ruling," said the anti-integration leader, but he would not say what the solution was. He added: "We believe in fundamental correction."

GETS THE NEWS — Adlai Stevenson, former governor of Illinois who is actively seeking the Democratic presidential nomination, views headlines carrying the announcement that President Eisenhower will be available for a second term. Stevenson, who is in New York on an eastern campaign tour, said: "As the main issue will be the policies and record of the Eisenhower administration, it is fitting that President Eisenhower be the candidate."

No 'Whistle-Stop' Campaign Planned

WASHINGTON (AP)—President Eisenhower's assertion that there isn't the slightest doubt he can now perform his duties as well as he ever did drew challenge from some Democrats today.

They said that since his Sept. 24 heart attack he has been a "part-time president" operating through a "regency" which would be ousted by the voters in November.

Reacting to a talk in which Eisenhower told the nation Wednesday night he would accept the GOP nomination but would not engage in "whistle-stop" speaking. Democrats spoke of a contrastingly vigorous campaign of personal appearances by their nominee.

Speaking to the nation by television and radio, Eisenhower said he is a "recovered heart patient" who doctors say is "as well as before the attack occurred."

"I may possibly be a greater risk than is the normal person of my age (65)," he said with something of a grimace, "but my doctors assure me that this increased percentage of risk is not great."

"As of this moment," he said, "there is not the slightest doubt that I can now perform, as well as I ever have, all of the important duties of the presidency. This I say because I am actually doing so and have been doing so for many weeks."

Asserting he is personally confident he can carry the duties of the presidency "indefinitely," he said medical men have told him that "adverse effects on my health will be less in the presidency than in any other position I might hold."

The talk to the people was a follow-up to Eisenhower's announcement at a news conference Wednesday that he is available for another White House term.

Republicans Greet Announcement Joyfully

Almost to a man, Republicans greeted that announcement jubilantly.

Democrats generally voiced pleasure that Eisenhower's health had recovered to such a degree. Many of them added they are confident of victory in a campaign waged on the record of Eisenhower's administration—the record on which the President said he will run.

Abroad, there was some gratitude voiced in official quarters, although many withheld comment lest they give an impression of interfering in U. S. politics. In Moscow, Deputy Foreign Minister Andrei Gromyko said, "This is news we have expected for some time." Moscow radio carried the news briefly.

The Voice of America relayed Eisenhower's broadcast around the world, using all 78 of its transmitters.

Eisenhower said that if he is nominated at the GOP convention in San Francisco in August—a foregone conclusion in the absence of any health setback before then—he will "wage no political campaign in the customary pattern."

In the first place, he said, he will have to follow "a regime of ordered work activity, interspersed with regular amounts of exercise, recreation and rest." He said he must keep down his weight, take a midday rest, retire early and pass up social engagements.

Beyond this, he declared, he made up his mind long before his heart attack that if he ran again—adding that he hadn't decided before he was stricken—he wouldn't conduct a campaign in which he was "personally a candidate."

Aims, Efforts, Accomplishments On Record

"On the record are the aims, the efforts, the accomplishments and the plans for the future of this administration," he said. "Those facts constitute my personal program."

Because of this, he said he had determined he would not "engage in extensive traveling and in whistle-stop speaking — normally referred to as 'barnstorming.'"

He said he would resort to "mass communication" to appeal to the voters to let him complete in the next four years the program he said "has not yet reached the state of development and fruition that I . . . hoped could be accomplished within a single term in this office."

Sen. Ellender (D-La) said Eisenhower's television appearance, coached by producer Robert Montgomery, presented the President in a "very cocky and overconfident" role.

"He wants to stay home, keep on golfing and let other people do the chores for him," Ellender said. "In my opinion, the American people will not swallow that kind of a proposition. He said he was sick and not capable of carrying on the full duties of his office."

Sen. Humphrey (D-Minn) commented "It seems like Mr. Eisenhower is planning a part-time campaign to become a part-time president" Humphrey said Eisenhower had been "compelled" to run again by Republicans "trying to save their party rather than save his health."

Aiken Says Ike Feels Fully Equal To Work

But Sen. Aiken (R-Vt) said "I don't believe you would get such frankness as that out of any other capital in the world. The President leaves no doubt that he feels fully equal to carrying on the work of the presidency. The public will share his confidence."

Sen. Sparkman of Alabama, the 1952 Democratic vice presidential nominee, said he feels sure Democrats won't fall into the "trap" of depending on television and radio primarily in their campaign.

"I am confident the Democratic nominee will wage a vigorous, nationwide campaign no matter what the Republicans do," Sparkman told an interviewer.

Democratic National Chairman Paul M Butler said he doesn't think the voters will accept a "part-time president."

Butler said the health issue probably will "dominate the campaign and tend obliterate discussion and consideration of the great issues of foreign and domestic policy."

Sen. Carlson (R-Kan) said he believes the people were "impressed by the sincerity of the President in Wednesday night's talk.

Eisenhower's remark at Wednesday's news conference that he would want to wait until after his own nomination before indicating his choice for second place on the ticket was taken with a grain of political salt by most Republicans.

Few party members felt he could delay that long in giving

Minimum Wage Upped Today For Two Million Workers

WASHINGTON (AP)—More than two million lower-paid workers got a pay increase today, courtesy of the U.S. government.

The pay hikes came through a boost in the federal minimum wage from 75 cents to $1 an hour. It was voted by Congress last year to become effective today.

An estimated 24 million workers are covered by terms of the Fair Labor Standards Act — generally those engaged or whose work is connected with interstate commerce — but only about 2,100,000 have been making less than the new $1 minimum.

Although the maximum required pay boost could be 25 cents an hour, the Labor Department figured the average increase would be 13 cents an hour, or an estimated 560 million dollars a year. Many of those benefiting have been making more than the old 75-cent minimum, which had been in effect for six years.

More than half the increases were in Southern states, from Maryland to Texas. This means Dixie's annual payroll will be hoisted for more than a million workers by a sum of more than 250 million dollars.

Some of the industries most widely affected are lumbering, textiles, candymaking, furniture and clothing manufacturing.

President Eisenhower had recommended that Congress boost 75-cent minimum to 90 cents. He said that anything higher might cause some sudden unemployment. However, Congress voted for an even $1.

Newell Brown, wage hour administrator for the Labor Department, said his agency is stepping up its enforcement staff and activities to see that the new law is observed.

Leetonia's Crescent Plant May Be Sold

Officials of the Rockwell Manufacturing Co. of Pittsburgh said today that a "deal is pending" for the sale of the company's Crescent Machine plant in Leetonia, although actual contractual negotiations have not been completed.

Company spokesmen indicated that announcement of details of the sale of the plant would come in the near future.

The Crescent Machine in Leetonia, a subsidiary of the main Rockwell office in Pittsburgh, was closed by the company in July, 1953, after a prolonged strike.

Equipment is still housed in the Leetonia building, however.

May Increase Penalty For Drunk Driving

A resolution calling for stiffer penalties for drunk driving is expected to be presented to the Columbiana County Mayor's Association tonight by a special committee of the association. The group will meet in the Lisbon Village Hall at 7:30 p.m.

The resolution to be considered by the group will establish a minimum fine of $250 and costs and 10 days in jail for first convictions of driving while intoxicated in Columbiana County.

The present fine imposed on drunk drivers in Salem is $100 and costs and three days in jail.

A similar resolution was introduced to the group at its last meeting by Mayor Dean B. Cranmer. Mayor Wilbur Warren of Lisbon, president of the association, appointed a committee comprised of Mayors Howard Hart of Hanoverton, Karl Lindner of Salineville and Cranmer to draw up a resolution for increased penalties.

Mayor Cranmer reported today that in the past two months, 31 drivers were convicted of drunk driving by his court. Of this number 26 were arrested by city police and 5 by the state highway patrol. During February alone, 20 drivers were arrested by city police for drunk driving and convicted.

Convictions for drunk driving in Salem have shown a sharp upswing in the past two years, with 34 convictions in 1954 and 81 in 1955. If convictions continue at the present rate established in the first two months of 1956, there will be

160 Sign to Give Blood; 20 More Are Needed

One hundred sixty persons have signed to give blood when the Red Cross Bloodmobile makes its ninth visit here Friday. The goal, not reached by the mobile unit in any of its previous visits here, is 125 pints, Miss Hazel Linn, executive director of the local Red Cross Chapter, reports.

The mobile unit will be located tomorrow at the American Legion home from 10 a.m. to 4 p.m. To insure meeting the blood quota, a total of 180 registrants is required.

The local chapter is in arrears in its donations compared to its usage, Miss Linn reports. Approximately 861 pints of blood were collected during the previous eight bloodmobile visits, while 945 pints were used by the two local hospitals and by 35 patients admitted to district hospitals during the same period.

March Comes Into Ohio In Lamb-Like Manner

COLUMBUS, Ohio (AP)—The advent of March in a lamb-like manner today resulted in good high way conditions except for high water in scattered areas.

U.S. 36 was closed by high water at Mohawk Dam in Coshocton County westward 11 miles to Millwood in Knox County. The lower level of U.S. 52 was closed one mile west of Portsmouth.

About 15 miles of Ohio 7 was closed from its junction with U. S. 36 in Coshocton County northward to the Holmes County line. Ohio 206 was closed at Walhonding in western Coshocton County.

County Native's Decisions Fill 30 Printed Volumes

Judge William Hart, 89, Thrives On Hard Work With Supreme Court

COLUMBUS, Ohio (AP) — You'd never guess that Judge William Lincoln Hart is 89 or that he was beyond normal retirement age when he started his long career on Ohio's Supreme Court.

Yet he sits regularly for hearings with the court's six other robed judges. And he often works well past 10 o'clock on week nights on complicated cases.

During his 18 years on the state's highest court, Judge Hart has written and participated in decisions that fill 30 prined volumes. He expects to write more than a dozen decisions this year and participate in others handed down before retirement at the end of his term next January.

Judge Hart thrives on hard work. He learned it early on his native farm in the Ohio River hills of Columbiana County near Salineville. He was the first of five boys and five girls born to Benjamin and Ariel Dreghorn Hart in a log cabin on Hazel Run.

"We lived a rural life and built up rugged constitutions," Judge Hart recalled. "We walked 2½ miles each way to school over the hills and through mud. That sort of built up your physique."

Judge Erect, Alert

Judge Hart was erect and alert as he delved into his past with evident relish. Glasses framed twinkling blue eyes that nearly matched his pin-stripe suit, set off with a red bow tie. His lined face beamed under a full shock of wavy white hair.

Judge William Hart

Judge Hart traced his lineage back to Richard Warren, a passenger on the Mayflower, whose descendent married Phila Swift. The judge's great grandfather left Connecticut for Palmyra, N. Y. Later his grandfather, John Swift Hart, was attracted to Ohio by the salt production that abounded in the area from which Salineville took its name.

Judge Hart's father, Benjamin Franklin Hart, was the 15th of 17 children born at Salineville. The family's brick home built in 1832 still stands. Seven of John's sons served in the Civil War. The eighth was ineligible for service after losing an eye in a coal mine blast.

Admirer Of Lincoln

Benjamin was such an ardent admirer of Lincoln that his discharge papers described him as a Lincolnite. And like his father, Judge Hart reveres Lincoln. A large picture of Lincoln on the wall of Judge Hart's office stands out from those of his judicial colleagues.

Judge Hart taught in rural schools of Columbiana and Stark counties to get money for tuition in Mount Union College at Alliance. After graduation, he worked for three years as city editor of the old Alliance Daily Review before entering the University of Michigan Law School. He was graduated in 1897 and passed the

Westinghouse Strike Negotiations Resume

WASHINGTON (AP) — Negotiations in the 137-day Westinghouse Electric Corp. strike resume today after a one-day recess.

The recess was arranged so management negotiators could report to the company's board of directors in New York yesterday. The board passed a resolution of confidence in the management.

Gwilym A. Price, company president, was understood to have conveyed to the board suggestions made to him Tuesday by federal mediators for settling the long labor contract dispute.

Mediators were reported to feel that if the company management received a go-ahead to negotiate on this basis progress can be made toward a settlement, but that otherwise the present negotiating stalemate may be prolonged.

Doctors Believe Ike's Health To Be Satisfactory For Years

BOSTON (AP) — Dr. Paul Dudley White, chief medical consultant to President Eisenhower, said today the doctors believe "The President's health and his ability to carry on his work should continue to be satisfactory for years to come."

"From my own experience and that of many other cardiologists, the risk that the President has consented to take is a reasonable one," the Boston heart specialist said in a statement issued at his office.

The statement said:

"The President's decision which he has just announced, his comments about his health and his desire to use common sense measures in the protection thereof, appear all right to me. From my experience and that of many other cardiologists, the risk that the President has consented to take is a reasonable one.

"Various measures of protection that are possible today, which were not carried out in years gone by, for persons who have had coronary thrombosis with good recovery improve the prospects for increased longevity and continuance of an active life.

"These include reasonable medical supervision of the way of life, the counteraction of excessive nervous strains and tension by a daily rest period and the relaxing effect of suitable exercise and avocations of one kind or another, the maintenance of proper weight with the avoidance of a diet over-rich in calories and fat, and, where ustified, the use of anti-coagulants

"Thus, although we doctors cannot, of course, issue guarantees to anyone either against the occurrence or recurrence of coronary heart disease or of other illnesses that cannot be foretold, it is our belief that the President's health and his ability to carry on his work should continue to be satisfactory for years to come."

Mayor Cranmer Fines Two For Drunk Driving

Two motorists were each fined $100 and costs and sentenced to three days in jail for drunk driving by Mayor Dean B. Cranmer today.

Hall Says Nixon To Run With Ike

WASHINGTON (AP) —Republican National Chairman Leonard W. Hall today predicted that Vice President Nixon will be President Eisenhower's running mate for another term and called them "the greatest team" in the country.

Hall made the prediction to a jammed news conference at which he also said that if the Democrats make the President's health an issue in the campaign it will "backfire on them and cost them votes."

"The American people simply won't stand for tactics of that kind," he declared.

Hall also announced the national committee expects to spend upward of two million dollars on a television-radio campaign.

Public's Reaction To Ike's Decision Varies; Comment Crosses Party Lines

WASHINGTON (AP)—Citizen reaction to President Eisenhower's announcement he is available for a second term ranged today from "the best thing for the country" to "doing himself and the country a disfavor."

In between those comments from Mrs. Richard Grable, a Chicago Republican, and John J. Craig, a Montclair, N.J., Democrat, fell others expressing concern for Eisenhower the man, varying opinion on whether he can be re-elected, and thoughts on his value as a world leader.

Many of those interviewed by The Associated Press across the country, like Craig, gave important consideration to Eisenhower's phyisical condition, but Sam Coues, a Concord, N.H., accountant, looked for a different kind of soundness. He said he was "delighted" by the announcement.

"I like to see a man who is morally and spiritually sound as the head of state," said Coues, who did not mention his politics.

All spoke out after Eisenhower announced his decision at a news conference, but before he told a nationwide radio - TV audience Wednesday night he is "confident that I can carry . . indefinitely" all important duties of the presidency.

The comment crossed party lines. Mrs. Alice Davis, a Democrat from the Bronx, N.Y., said Eisenhower will win because the people are behind him and "he's the only man the Russians fear."

Thomas J. Patten, a Democrat and personnel director of Kansas City, Mo., said Eisenhower is "the only man on the scene who can maintain our influence in world affairs." The Rev. C. L. Irwin of Indianapolis said, "His leadership will keep the country on a steady course."

But Elbert Christison of Indianapolis, who said he is an independent who supported Eisenhower in 1952, said "I won't vote for him. The administration ought to change every four years."

Russell Williams, a Chicago steel fitter and local union president, said he doesn't feel "the administration has had much feeling for the people, and I don't see how Eisenhower can get re-elected."

And in Evanston, Ill., William Young, a clothing salesman, said, "they have to do a lot more specific selling on issues this time. I think a lot more people are shopping. It isn't 1952."

But George O'Connell, Helena, Mont., Democrat, said Eisenhower has "done a good job; I'll vote for him." Then O'Connell raised a question mentioned by several others—the status of Vice President Nixon.

That is important to Charles Prager of Jackson Heights, N.Y., a 1952 Eisenhower supporter. "If they renominate Nixon," he said, "Eisenhower definitely will not get my vote."

Hazel Shockley, a statehouse elevator operator at Sacramento, Calif., said, "I'd like to see Eisenhower back in, but what about Nixon"

Identical comments on another angle came from three farmer-feeders interviewed at random in the Omaha, Neb., stockyards. Each said Eisenhower didn't keep his pre-election promises to the farmers. They were Verlin Sellows, Stromsburg, Neb.; Grant Rullestad, Huxley, Iowa; and B. P. Setter, Manilla, Iowa.

Eisenhower's home town in Abilene, Kan., took the news calmly and with no demonstrations.

But in Gettysburg, Pa., near which Eisenhower has bought and remodeled a farm home, Editor Paul L. Roy of the Gettysburg Times said, "there is a townwide jubilation. We like him to live here but feel the country needs him."

Hoboes To Lose Free Lodging In Middletown

MIDDLETOWN, Ohio (AP) — The turning of the wheels of progress is going to make it tough on hoboes who have been accustomed to receiving a night's free lodging at the Middletown Jail.

The city building, including the jail, is being remodeled so that traditional transient hostelry, called the "flop room" will have to be taken over temporarily to accommodate some of the jail's prisoners.

That's going to leave the transients without a free place to stay.

It has been the custom here to allow hoboes and other insolvent transients to sleep in the "flop room" without a charge of any kind—either the kind that takes them into court or the kind that means an outlay of cash for room rent.

3 4-H Clubs Collect $206 In Heart Drive

LISBON — Only three 4-H clubs participating in the heart drive last Sunday have filed reports with Assistant County Agent W. C. Roberts, but all reports are anticipated by the weekend.

Those clubs making a return are: Try Try Again Club, RD 5, Lisbon, $50; Mile Branch-Jolly Maidens, $116.70; and Salem 4-H Club, RD 3, $40. The total collection was $206.70.

Coed's Story Booms Sale Of Magazine

CLEVELAND (AP) — A freshman coed's short story about love in an automobile and abortion on a kitchen table has boomed sale of a student literary magazine and lifted some eyebrows at Baldwin-Wallace College.

Usually only about 50 copies of the literary quarterly are sold among 1,500 students at the Methodist school. The quarterly magazine, which says in its masthead it is "under no circumstances to be construed as an official" college publication, has sold about 400 copies of the current issue at a quarter each.

"Some people are easily shocked," commented Dr. W. Grayson Lappert on the story, "Marilyn," by Cora Gecking, 18, of suburban Middleburg Heights. Lappert is assistant professor of English and faculty advisor of the magazine staff.

The student weekly newspaper, the Exponent, quoted Dr. Robert W. Pitcher, assistant psychology professor, as saying "technical details of the abortion act are subject to question."

The literary magazine, the Mill, emphasized the story was fictitious.

The 1956 Decision

President Eisenhower has shifted the burden of a momentous political decison from himself to his party

He will accept renomination But he will not seek it.

If he continues in the same state of health that has been certified as satisfactory by a group of competent physicians, his renomination will be a certainty

Thereafter, the decision will be up to the voters in the 48 states

The future betting odds are in favor of the President's re-election against any Democratic nominee, once he has been renominated.

Traditionally, Americans favor the retention of a president whose administration has brought high employment and prosperous business conditions.

This familiar pattern will be altered in 1956 only by popular awareness of President Eisenhower's heart attack last September and the possibility he might be unable to finish a second term.

This will be offset by much stronger emphasis than usually is placed on the ability of a vice - presidential candidate of his choosing to maintain his policies in the event of his illness or death.

President Eisenhower does not hold with the theory of an indispensable man.

But he believes in the theory of an indispensable attitude — the attitude of moderation in public affairs.

He will not disturb the status quo for his personal convenience; that is the net import of his decision to be available for renomination. If his party or the people of the United States want to disturb it, they have that choice.

A new area of political speculation now will be entered.

The vice - presidential nomination of the Republican party is the new focus of interest. The prestige of the vice presidency never has been greater than it has been under Eisenhower since 1953. If he is given a second term, the prestige will be even greater. Richard M. Nixon will become the most discussed political figure in the country.

Another focus of interest that will become sharper is the effect of the 22nd amendment on a second - term president, the amendment that limits presidential tenure to two terms.

A third focus of interest will be the makeup of the new Congress.

The split in the Democratic party over desegregation has forced northern Democrats so far from the hard core of southern irreconcilables that they have nothing in common. The irreconcilables, moreover, have parted company with the moderate views of the Eisenhower wing of the Republican party.

Yet, under the seniority system, southern irreconcilables will hold the bulk of the key committee chairmanships as long as Democrats have a nominal majorty. The wallop in the 1956 election may be an overturn of congressional control. The presidential election may prove to be an anticlimax.

Inventory Control

The rawest apprentice in repair shop knows the auto industry is sitting on production this spring, to give dealers a chance to whittle new-car inventories.

Auto manufacturers know to a unit how many cars have come off the assembly lines, how many are being carried as inventory and how many have been sold. They can control production up or down within a few hours; that is the miracle of modern industrial management. Everybody has a nodding acquaintance with it.

But it never has dawned on many otherwise informed minds production cannot be controlled in agriculture as quickly and in some respects cannct be controlled at all.

Nature could be managed after a fashion if farmers could get together on the same ideas as readily as the key men in the auto industry can get together on production and sales statistics. But even if farmers all knew the same things at the same time and could decide to produce more or less, nature is not an assembly line.

The 1956 wheat crop was planted last fall; it cannot be changed now. The 1956 lamb crop was started last fall and cannot be changed. Not even Detroit could find a way to alter the production of little pigs, once the production line has started. Henry Wallace once proposed that they be killed at birth and learned that Americans feel more strongly about knocking off piglets than trucks.

Out in the country, the grass is beginning to turn green at the bottom. Nature is collecting her massive resources for another growing season. Those who speak glibly of inventory control and production lines as if wheat, corn, oats, pigs, calves and chickens were the same as automobiles should take a look. It takes less than 30 seconds these days to wham out another replica of a Boltmobile, but it still takes nine months to manufacture a calf and 21 days to hatch an egg.

Time For Forebearance

By DAVID LAWRENCE

U.S. Follows Unequivocal Course In Middle East

The United States and her allies are determined to preserve the territorial integrity of Isarel and to use physical force if necessary to do it.

Lawrence

This is the big news of the Middle Eastern situation. It was made plain enough to the members of the Senate Foreign Relations Committee but, instead of recognizing its significance, some of the Democrats played a disgraceful game of politics and attempted to badger the secretary of state. They preferred to give the Communist world the impression that American counsels are divided, wavering, and without resoluteness.

There is a good chance of achieving peace in the Middle East if all Americans, irrespective of party, will get behind the policy laid down by the United States and her allies. This was first given public emphasis in a statement issued just after Prime Minister Eden visited President Eisenhower in Washington a few weeks ago. But the other day Secretary Dulles amplified it significantly to the Senate Foreign Relations Committee when he said:

-:-

--"BY OUR PLEDGES, of the United Kingdom, France and the United States, we have undertaken to stand ready to put our power behind a United Nations action to save Israel. After all, Israel is a creature of the United Nations.

"The armistices were negotiated by the United Nations. There is no country in the world which has as strong a call upon the United Nations as the State of Israel has, and we believe that if the members of the United Nations will put their strength behind the United Nations' action to save Israel, that is a far better assurance for Israel than if we get into an arms race, because any amount of arms which Israel can buy from the United States can be topped, like that, by more arms which the Soviet Union will plow into the situation, and you get into an arms race which Israel cannot possibly win, because Israel, with a population of about 1,700,000 and a very small area, cannot absorb arms comparable to what can be absorbed by the surrounding Arabs, with their capacity to absorb arms, now that they have access to the arsenals of the Soviet Union."

This text should have been widely disseminated by all the press services. It was more important news than the picayunish and captious questions of Democrats seeking political publicity at the expense of their nation's interests.

-:-

THE AMERICAN POLICY in the Middle East is firm and unequivocal. It proclaims that action will be taken either "within or without the United Nations."

This could mean military force as a last resort and a blockade of the Middle East area by allied naval forces. But before such a contingency is ever reached, Dulles pointed out to the senators, the "lead" would be taken by the United Nations, adding this important omment:

"Now, if that lead were balked by Soviet veto, then we would face of another problem, either of going to the General Assembly and seeking action there, because you may recall that in 1950 there was adopted a so-called uniting-for-peace resolution, which provided that if there was a veto in the Security Council which prevented giving aid and assistance in the event of aggression, then a special meeting of the General Assembly could be called on 24 hours' notice to deal with the problem.

"So that there are various alternatives that we have in mind that might be availed of if there were aggression, and if there was a veto in the Security Council so it could not invoke assistance to the victim of aggression."

Notwithstanding this forthright expression of American policy — which should be a warning to Soviet Russia, too -- certain Democratic senators chose to belittle the efforts of the secretary of state and argue with him on the intangible question of whether the Soviets are or are not changing their global policies and propaganda. It was an excursion into the realm of abstraction.

-:-

THESE TACTICS are the usual story of selfish partisanship taking hold, in a political year, above patriotism and the national interest. The opposition parties in the British and French parliaments are afflicted with the same disease.

Millions of American voters are to some extent to blame because they elected a Democratic Congress in 1954 and served notice that for two years at least there would be a divided government.

It's a sad state of affairs to find so many of the Democrats playing politics with human tragedy. In the end they will succeed in encouraging the Communists to take chances in the Middle East, and the result might be war or a crisis that could easily bring on war. This is a time for forbearance and the avoidance of partisanship.

Purely Personal

Long Live Ike

Released At Last

By GEORGE SOKOLSKY

We, Americans, used to be a very sentimental people. We opened shows, dances, meetings with a patriotic anthem like "The Star-Spangled Banner" and closed with "Home, Sweet Home." At dances that was the signal to clear out. The orchestra put its instruments away and the lights began to be put out and soon everybody was on the way home. It was quite a simple, sentimental and unsophisticated world and it was not so long ago because I can remember it and I am not that old.

Sokolsky

Today I feel very young and chipper for I have been released from the hospital and am back home among the people and things I know best and am accustomed to. My doctors gave me a tough time toward the end. As I told the one who has looked after me for a quarter of a century, he must be trying to make a federal case out of it.

-:-

ONE OF THE SIDE effects of this kind of illness is that a person becomes too concerned with his physical body, with himself. A kind of egocentricity sets in. Every ache, every pain, everything physical becomes a matter of primary importance, when the truth is that human life on this planet has gone on with or without us for so long that the significance of any one individual is not as great as we like to believe.

One discovers that within a few minutes after one has arrived home. In the hospital, the sick man is the center of attention of a host of persons, doctors, nurses, technician, even dietitians.

When one gets home, there is a functioning, continuing household. Things have gone along during one's illness as they had to. Children must go to school. The dog must be walked. And in a well-run family, they get along without hysteria when it looks as though the old man might die.

In a family which knows and practices religion, death is not feared for they trust in God. Such families find great comfort in such beliefs. They also have faith in each other and therefore face crises without hopelessness.

-:-

SO ONE RETURNS to such an environment not the center of all creation but as a member of a family. Joe, the dog, was speechless to see me. He had been told that I would return. Uncertain, he had begun not to wag his tail so violently at the mention of my name. But dogs do know by that subconscious sense which humans have too if they permit themselves to believe that what they call a hunch is often that inner experience speaking loudly and understandably.

So, one goes back to life. Those early hours of a heart attack, when one is between and betwixt, are not the most difficult. It is when one wants to show off, when one forgets that his life has just been spared and that it is not necessary to prove to the world that a Samson-like physical endurance is evidence of anything.

-:-

SAMSON NEVER THOUGHT as well as Aristotle nor was his morality as noble as St. Francis, but he could push marble columns by sheer physical strength and bring the roof down on his own head. So he brought the roof down on his head! A great achievement!

As I lay in the hospital bed reading about Ike's feats of endurance in the company of George Humphrey, I wondered if it took as much out of a man to hit a golf ball or shoot a quail as it does to make a correct decision which will affect the lives of millions of human beings.

-:-

MY DOCTORS may think differently about such matters than Dr. Paul Dudley White but they keep telling me to avoid deep emotional tensions. I have not yet asked them what they think a deep emotional tension is but I should imagine that it is what Abraham Lincoln went through when he wrote the Emancipation Proclamation or what Harry Truman went through when he ordered the first A-Bomb hurled at Hiroshima.

Maybe statesmen reach their important positions because they can do such things without deep emotional strains and stresses that literally break one's heart, which is what a coronary occlusion is. Maybe they are great men because they are unaffected by great events.

GOP Gaining City Vote

By JAY G. HAYDEN

Just when the Senate, in debate on agricultural price supports, is ringing with prophecies of a big switch in votes by farmers unless their pocketbooks are fattened, there are symptoms indicative of a reflex ballot-box action by contented city folks.

Statistics last weekend disclosed a one-tenth of 1 per cent national drop in consumer prices, due entirely to much more substantial declines in cost of three items of special concern to low-income folks — food, housing and wearing apparel. The impact of decline in those items was lessendd by rise in other categories, notably transportation, medical care, household services, reading and recreation.

The most significant drop was in food, to the lowest point in five years. Analyzing the current report the Wall Street Journal finds that meat, as represented by beef, pork and broiler chickens, is down almost 22 per cent from the last days of President Truman's administration. Eatables, over - all, are selling only about 6 per cent below mid - 1952, but meat and poultry comprise by far the biggest item in the family food bill.

Here are a few details:

Sirloin steak that brought $1.16 a pound in 1952 now goes for 79 cents. Rib roasts, over the same period, have dropped from 89 to 65 cents; chopped beef from 65 to 45 cents.

Loin roast of pork, 79 cents a pound in 1952, now sells for 49 cents. Loin pork chops coincidentally have come down from 95 to 75 cents.

Dressed broiler chickens sell presently at 39 cents a pound, compared with 53 cents in 1952; butter is down from 85 to 69 cents a pound; and large grade A eggs from 85 to 65 cents a dozen.

In contrast with these reductions, average weekly pay for workers in manufacturing plants rose between December, 1954, and December, 1955, from $74.12 to $79.90.

The current report shows a slip back in the latter item of about $1 a week between December, 1955, and January, 1956, but still it says the net spendable weekly earning for the latter month was $3.51 higher for a worker with three dependents than in the same month a year ago, and higher than any other January in U.S. history.

The main claim of the Eisenhower administration in this field no doubt will be that it has kept national production, employment and wages steadily on the rise over the last two years or more, while reducing taxes and keeping other citizen costs on a substantially even keel.

It no doubt will be noted that one of President Eisenhower's first official acts in 1953 was complete elimination of governmental price and wage controls.

There was strong opposition to this action, based on the claim that it would set off a wave of inflation brought about by both strikes for higher wages and unwarranted price increases by all manner of producers.

Actually, nothing of the sort occurred. There has been far less loss of production from strikes over the last three years than in any like period since World War I, and prices and living costs have remained remarkably stable.

The all-time peak in wholesale prices — 16.5 per cent higher than the 1947-49 average — was reached in February, 1951, about eight months after beginning of the Korean war. Retail prices reached their peak in August, 1952 — 16 per cent above the pre-Korean war high.

As shown by the Wall Stret Journal, the decline in meat prices is in spite of an enormous increase in U.S. per capita consumption. For comparison, the analysts turned back to the mid-1920's, also a period of high prosperity. At that time the average per-person beef consumption was 59 pounds a year. Today it is 82 pounds.

Between the same periods yearly per capita consumption of chickens rose from 12 to 24 pounds; and eggs per person from 318 to 418 per year. Consumption of oranges is up from 20 to 56 pounds and of tomatoes from 27 to 51 pounds.

Game Protector Shot While Making Arrest, Witness Says

WASHINGTON COURT HOUSE, Ohio (AP)—George Baldridge, 63, shot and mortally wounded state game protector Irvin J. Patrick when the latter tried to arrest Baldridges nephew, a state witness has testified.

Patrick, 43, was slain with a 12-guage shotgun last Nov. 15 on Baldridge's 300-acre farm seven miles northwest of here. Baldridge, a former Adams County sheriff, is on trial for second degree murder.

Jack Kamman, a state game supervisor, testified Wednesday that he was with Patrick when the shooting occurred. He gave the following sequence of events:

Patrick tried to arrest Donald Butler of Seaman for having two illegal birds (hen pheasants) in his possession. Baldridge, Butler's uncle, became "very angry" at this. He warned Patrick he would not allow him to take Butler to court.

Baldridge backed up his statement by pointing a shotgun against the window of Patrick's car. As Patrick got out of the car, saying "let's talk this thing over," Baldridge stepped back and raised up the shotgun. Patrick reached for the gun "and a shot followed."

Kamman testified he went to help Patrick, who lay on the ground with a wound in his leg, but Baldridge said, "leave him alone." It wasn't until Baldridge rejoined a group of hunters that Kamman helped Patrick back into the auto, the witness said.

Patrick was dead on arrival at a hospital from what county coroner Dr. N. M. Reiff called severe hemorrhaging.

Dr. Reiff, another witness Wednesday, testified under cross-examination that as Baldridge's personal physician for several years he knew the defendant as being "ailing and nervous"

The defense, contending the shooting was accidental, says Baldridge was a "nervous, feeble old man" who was frightened by Patrick's "violent" manner.

ATTORNEY DISBARRED

COLUMBUS, Ohio (AP)—Emanuel H. Leiberman, 59-year-old Columbus attorney, was found guilty of two counts of "misconduct" in Common Pleas Court Wednesday and ordered disbarred for one year. The Ohio Supreme Court returned the case to the lower court after taking exception to several rules of law.

Virginia had 21,805 irrigated acres in 1954 compared to 2,817 in 1949.

Save Your Valuable Rugs and Furnishings

Don't let harsh, gritty dirt wear your household furnishings down and ruin them.

Clean them frequently and easily — preserve the bright, original colors — by using gentle Blue Lustre. The swift action of this miracle foam works equally well on wall-to-wall carpeting, fine Oriental rugs or upholstery.

Blue Lustre doesn't sog or mat the fabric, nor leave a gummy remainder. It simply brushes in and gets the dirt out. Easy to use and inexpensive, one half gallon of Blue Lustre will clean three 9x12 rugs.

Mahoning 4-H Clubs Form Season Plans

"National 4-H Week," March 3 to 11, signals the beginning of another 4-H season for many clubs.

Mahoning County 4-H clubs experienced their most successful season in 1955 in terms of activities and members. The river boat tour and style revue were among the most successful activities.

There were 1,240 members who completed 1,467 projects in 1955.

The "backbone" of the 4-H program is the 166 voluntary leaders who serve with no compensation except that of seeing young people develop under their guidance. Each member must enroll in a project.

Although 4-H clubs have been largely rural in the nation, many clubs are now found in villages and cities. Many projects for boys and girls in these areas are available.

Supporting groups such as the Society, granges, Farm Bureau groups, and other organizations and business firms which provide different awards are also an important part of this program.

The Mahoning County 4-H program is planned by the 4-H Council and the county extension agents. Any interested boy or girl 10 to 20 years of age on Jan. 1, 1956 may contact their local club advisor or the Agricultural Extension Office, 12 W. Main St., Canfield, for further information.

WILL COMPETE IN STATE CONTEST — Margaret Wayman, student at Saint Elizabeth School of Nursing, Youngstown, will compete with other district contest winners for the title of "Student Nurse of Ohio" April 10 in Columbus.

The winner is pictured above receiving a bouquet from Miss Shirley Bricker of the Salem City Hospital School of Nursing and president of the Eastern Ohio Student Nurses Asosciation. Standing in the back row (l. to r.) are: Janet Lewellen, The Youngstown Hospitals Association; Bernadine Maxin, Trumbull Memorial Hospital of Warren; and Barbara Umstead of the Salem nursing school.

Youngstown Girl Is Contest Winner

Margaret Wayman, student nurse at Saint Elizabeth Hospital School of Nursing of Youngstown, was named district winner in a contest for student nurses of the Eastern Ohio Student Nurses Association Tuesday afternoon at St. Paul School here.

The winner was judged on the presentation of an essay in competition with representatives from the three other hospitals in the district. The others competing were Barbara Umstead, Salem City Hospital School of Nursing; Bernadine Maxin, Trumbull Memorial Hospital of Warren and Janet Lewellen, Youngstown Hospitals Association.

Miss Shirley Bricker of the Salem Nursing School and president of the association, presented Miss Wayman with a bouquet of red roses.

Miss Wayman will go to Columbus April 10 to compete in the state contest. Winner of the state contest will be presented a $500 scholarship, a trophy for herself and one for the school, and a year's subscription to the American Journal of Nursing. The state winner will also be honored at a tea at the governor's mansion. Student nurses attending the contest will be guests.

Those who entered the competition were required to have a B or better average, a pleasing personality and be recommended by the director of the school, by a floor supervisor and by another student.

Program Is Enjoyed By Trimble Class

Mrs. R. R. Woods was guest speaker at a meeting of the Trimble Class of the First Presbyterian Church Tuesday evening at the home of Mrs. Lee Vincent of Albany Road.

Mrs. Woods presented a talk on famous people whose birthdays are in February. She cited the following members whose birthdays occur in February: Miss Erma Hutchinson, Mrs. Paul Long, Mrs. E. S. Vincent, Mrs. Lee Vincent, Miss Mildred Tate, and Miss Mildred Tate and Miss Sara Walker.

Miss Ora Vincent was in charge of the devotions.

Mrs. L. J. Crawford presided at the meeting when a gift of $10 was voted to the Red Cross drive.

Mrs. Lee Vincent read letters from Hugh Chen of a Methodist Chool in Sibu, Sarawak, Borneo, regarding Misses Louise and Carol Huang, two missionary friends of Mrs. Vincent and the class. The letter stated that Louise died last year.

Mrs. Robert Groner and Miss Vincent sang several duets and led in group singing of old fashioned songs.

Refreshments were served to the 30 members and three guests. Each received a small cake, ornamented with a candle. A large cake was presented to Miss Hutchinson.

The associate hostesses were Mrs. Groner, Miss Vincent, Mrs. Lee Vincent and Miss Walker. They were attired in clothes of the gay ninety period.

The March 27 meeting will be at the home of Mrs. L. E. Diehl of N. Lincoln Ave.

Central America Topic Of Travelers Club

Central American republics hold an importance to the United States far greater than their size would indicate, Miss Helen French told the Travelers Club when she spoke on "Central America Comes of Age" at the club meeting Tuesday in Ruth Smucker House.

The quotation for the day by Victor Hugo, based on the general program theme, was: "There is no such thing as a little country. The greatness of a people is no more determined by their number than the greatness of a man is determined by his height."

Mrs. A. C. Bartholomew cited the progress made by the Central American republics.

Mrs. Guy E. Byers showed movies of Central American countries taken by the late Dr. and Mrs. Roy Smucker.

Sue Farrington Hostess At Doce Gatos Session

The regular meeting of the Doce Gatos was held Tuesday evening at the home of Sue Farrington of S. Lincoln Ave.

J. R. Stratton Jr. acted as master of ceremonies and Rev. David Mair gave a blessing.

The pack will meet again March 26 at the church.

Sweet, Sour Dishes Unusual

Now that pork and beef are so reasonably priced, how about experimenting with two Chinese recipes? Mabel Stegner of New York, noted for her skill in Chinese cookery ,demonstrated these dishes for us to pass along to you.

Sweet and Pungent Pork

One pound pork steak, 2 teaspoons kitchen bouquet, 1 tablespoon fat, 1 can sliced pineapple, 9 ounces; ¾ cup pineapple syrup, ¼ cup vinegar, 1 chicken bouillon cube, 2 tablespoons brown sugar, ½ teaspoon dry mustard, ½ teaspoon ginger, 3-ounce can sliced broiled mushrooms, 1 green pepper, cubed; 2 tablespoons cornstarch.

Cut pork into ¾-inch cubes. Place in suitable bowl and sprinkle with the kitchen bouquet. Melt fat in frying pan. Add pork and brown quickly over moderate heat. Drain pineapple syrup, and add sufficient water to make ¾ cup. Add pineapple syrup, vinegar bouillor cube, brown sugar, mustard and ginger. Bring to boil and cook, covered, for 25 minutes. Cut each slice pineapple into 4 pieces. Drain mushrooms reserving broth. Add pineapple pieces, mushrooms and green pepper, cut into ¾-inch cubes. Cover and heat thoroughly about 5 minutes. Combine mushroom broth and cornstarch and stir into pork mixture. Bring to boil, stirring constantly, until sauce thickens. Seve immediately with fluffy hot rice and crisp Chinese noodles.

Chinese Chopped Meat

Two tablespoons cooking oil, ½ cup sliced onion, 1 small clove garlic, minced; ½ pound chopped beef, ½ teaspoon salt, ⅛ teaspoon pepper, 2 cups water, 1 beef bouillon cube, 1 pound green beans, 2 tablespoons cornstarch, 3 tablespoons water, cooked rice.

Place oil in frying pan over moderate heat. Add onion and garlic and cook about 3 minutes. Add meat, pulled into small pieces. Cook, stirring frequently, until the meat is lightly browned. Sprinkle with salt and pepper. Add water and bouillon cube. Bring to boil. Add green beans cut diagonally in 1-inch lengths. Cover and cook until beans are barely tender, about 15 minutes. Combine cornstarch with 3 tablespoons water and stir until meat and bean mixture. Cook stirring constantly until the sauce thickens. If desired, add a tablespoon of sherry wine for more sophisticated flavor. Serve immediately over the hot cooked rice.

which drove Miss Lucy from the school, all was quiet during the night.

Grooms sent Miss Lucy back to school despite dire predictions from defense witnese during a hearing Wedneday in his small, walnut-paneled courtroom that her reappearance would be met with violence, and possibly by assassination.

Last July, the Kentucky-born judge ordered the university to accept the onetime Birmingham secretary as a coed in the wake of a Supreme Court decision that she was entitled to admission.

Miss Lucy actually enrolled in the school Feb. 2 but when she attempted to attend classes, four days of rioting broke out among 3,000 students and others described by university officials and police as "outsiders."

On Feb. 6, the univerity's Board of Trustees barred Miss Lucy from the campus for "her own safety" and for "the safety of others."

With the legal assistance of the National Assn. for the Advancement of Colored People, Miss Lucy asked Grooms to cite 13 university trustees and officials for contempt of his July order.

In his decision, Grooms vacated the contempt motion. He ruled that the university officials had "acted in good faith" under the riotous circumstances.

A companion plea by Miss Lucy that she be granted dormitory and dining room facilities on the campus was taken under advisement by grooms until Friday.

Before he read his decision, the tall, bespectacled judge observed, "There are some people who believe this court should carve out a province in north Alabama, fortify the borders, man the battlements and defy the Supreme Court."

His court, said Grooms, would never undertake such defiance. He also told the 200 spectators and newsmen that "this court does not believe the law enforcement agencies of this state have broken down."

The order from Grooms came on the heels of repeated predictions by witnesses that they felt the Negro coed's return would result in more violence.

After her court victory, Miss Lucy issued a brief statement and went into seclusion. The statement said in part:

"As I see it this is a decision for law and order ... and I am naturally pleased by it ... I hope to go on and become a student who will be a credit to the university"

Iran Nabs Russian Spy Carrying Secrets

TEHRAN, Iran (AP) — Iranian special agents arrested the Soviet Union's assistant military attache in Tehran Wednesday night. Officials said he was carrying top-secret Iranian military documents and had been "spying for a long time."

Brig. Gen. Teimour Bakhtiar, military governor of Tehran, announced the arrest of the Soviet officer, Maj. Ivanovich Kouznetsoff, and an Iranian warrant officer.

Kouznetsoff was held overnight at the Iranian Foreign Ministry, where he refused to speak or eat. He was turned over to the Soviet Embassy today after his diplomatic status was established.

A Foreign Ministry official said the government would declare the Soviet officer persona non grata (unacceptable) and that he would be forced to leave Iran immediately.

The Soviet Embassy refused to comment.

Bakhtiar said documents found in Kouznetsoff'c pockets included drawings of air force gasoline and ammunition stores, repair and technical units and other secret documents.

"It is now revealed that the Soviet major has been spying for a long time," Bakhtiar said, "making use of Iranian warrant officer Hussein Rejaei Tehrani as his agent in the air force G2 (intelligence) organization."

An army source said Tehrani faces a speedy trial and the death penalty will be asked.

Aviatrix Shoots Male Business Associate

APOPKA, Fla. (AP) — Helen McBride, 49-year-old aviatrix, shot and killed a male business associate in her kitchen Wednesday night, Sheriff Dave Starr reported. Starr quoted her as saying they argued over some property.

Mrs. McBride is the sister-in-law of Mary Margaret McBride, the columnist and radio commentator. Her husband is Dr. Thomas E. McBride, 60-year-old physician in this small town 14 miles northwest of Orlando.

Starr said Mrs. McBride admitted pumping three bullets into Charles Richard Green, 33-year-old Orlando ticket agent for National Air Lines.

The sheriff said he charged Mrs. McBride with first degree murder.

some clear-cut sign that he wishes to abandon or retain Vice President Nixon.

Eisenhower's praise of Nixon as "a loyal and dedicated associate, and a successful one" gave Nixon's friends consolation. His refusal to say more left the field wide open for operations by those who want to jettison Nixon

Some of Eisenhower's closest associates are listed among those reputed to favor kicking Nixon upstairs, possibly to a Cabinet post.

Their argument is that Nixon has become such a target for Democratic attacks as to inject into the campaign a bitterness that otherwise might not be there. And they argue that Nixon's political appeal is far below that of Eisenhower.

The importance of second place on the GOP ticket is likely to be emphasized by continued suggestions from Democrats that Eisenhower's health may not withstand another four years in the White House.

Eisenhower echoed none of the enthusiastic predictions of other Republicans of victory in November. And Democrats were less optimistic privately than in their public forecasts.

Sen. Russell (D-Ga), who bid unsuccessfully for the Democratic preidential nomination in 1952, said Eisenhower would be "a tough, but not invincible opponent for the Democratic party."

Judge Hart

Continued From Page One

Ohio bar the same year.

He formed a law partnership in Alliance wth Hugo C. Koehler that with additions, lasted for more than 30 years until Koehler died in 1933.

The following year Judge Hart was elected to a short term of six weeks on the Ohio Supreme Court. His election followed elevation of a judge to the U.S. Circuit Court of Appeals in the Sixth District.

After an unsuccessful try in 1936, Judge Hart won election to full six-year terms on Ohio's highest court in 1938, 1944 and 1950. His present term expres next Jan. 2.

Plan To Retire

After that Judge and Mrs. Hart plan to retire to their home in Alliance. "I am going to enjoy my home and my home people," he said. Married students of Mount Union care for their home while the Harts are in Columbus during court sessions.

Judge Hart in 1897 married Ida Caskey, a native of Carroll County whom he met in college. Their two sons, Ian Bruce and William L. Hart Jr., are law partners in Alliance. Mrs. Hart died Dec. 27, 1947.

In January 1949, Judge Hart married Miss Nova E. Westfall of Alliance, a family acquaintance.

Judge Hart became a trustee of Mount Union in 1912 and still serves in that capacity. The college awarded him a doctor of laws degree in 1929.

In 1948, the University of Michigan cited Judge Hart for outstanding alumni service to his law class. Since graduation, Judge Hart has published a class bulletin annually. Thirteen of the graduating class of 50 members are still living.

A classmate was the late Judge Roy H. Williams of Sandusky who served on the Ohio Supreme Court with Judge Hart for 10 years.

Judge Hart was elected president of the Ohio State Bar Assn. in 1923 and for many years headed the organization's committee on the American Law Institute.

When Delta Theta Phi law fraternity organized a senate at McKinley School of Law, Canton, in 1947, members named it the "William Lincoln Hart Senate" in his honor.

The judge is a member of the Methodist Church, Society of Mayflower Descendents, and various professional, fraternal and civic organizations.

Golfed For Recreation

Until about three years ago, he played golf for recreation. Before that he used to play baseball. Now his court duties keep him too busy for recreation and besides, Judge Hart says, he isn't so young as he used to be.

He attributes his years and good health to a good heritage, country rearing and a life free from tobacco and liquor.

His colleagues presented him with a plaque on his birthday, Feb. 5, that read:

"For 18 years of outstanding service as a judge of the Supreme Court of Ohio. On entering this your 90th year, we, your colleagues, extend to you our congratulations and best wishes. It has been a real pleasure to serve with you."

Mahoning Tractor Club Meeting Set

All Mahoning County boys 14 years of age or older on Jan. 1 and who have access to a tractor are invited to the tractor maintenance club organization meeting at Agnew Farm Equipment just south of Boardman School on Route 7 at 8 p.m. Thursday.

A demonstration will be presented by Tom Schrum of Austintown Township. A movie will be shown.

There will be a general explanation of the program which is concerned largely with preventive tractor manitenance. More detailed instructions will be given by the advisors, Myron Agnew and Paul Good.

Three different projects will be available.

Each unit consists of eight practical lessons combining book work and actual work with equipment. The tractor rodeo, testing the skill and safety of tractor operators, will be held during the summer. Winners will compete at the Canfield and state fairs for cash awards.

All qualified prospectve members and their parents are invited.

Delay Drafting Of Fathers

Specialists, Men Over 26 Also To Remain Out

COLUMBUS, Ohio (AP)—If you are a father or are about to become one, your induction into military service will continue to be delayed. The same holds true for men over 26 and "specialists" like scientists and engineers.

This was announced Wednesday by Col. Harold L. Hays, director of Selective Service for Ohio.

Delays or postponements of induction in these categories were temporay the past several months while procedures were clarified, Hays said.

While the great bulk of the registrants in these categories will be retained in Class 1-A, 1-A-O or 1-O, "their selection for further processing will be delayed," he added.

He said registrants for future induction calls will be selected in this order:

1. Nineteenyear-old delinquents (from previous calls) in the order of their birth dates, oldest selected first.
2. Volunteers under 26 in the order they have volunteered.
3. Non-volunteers who are 19 and under 26, who are not fathers, in the order of their birth dates, oldest selected first.
4. Non-volunteers who are 19 or over and under 26, who are fathers, selected in the same order as class 3.
5. Non - volunteers who have reached 18 years, six months, but are under 19, in the order of their birth dates, oldest first.

Group 4 includes registrants who have no children but whose wives are pregnant. A statement of a licensed physician attesting to the pregnancy should be sent to the local board before the order for induction is mailed out, Col. Hays said.

AT EASE — That old Army game of "Hurry up and wait" has been beaten by these soldiers at Camp Hanford, near Richland, Wash. The last man in line squats, letting the man in front of him sit on his knees, and so on up the line. This makes waiting a lot easier on the feet.

RETIRED TEACHER DIES

CLEVELAND (AP) — Miss Jean Stoner, retired teacher at Laurel, a private school for girls, died Wednesday. She was head of the classics department at Laurel from 1913 until her retirement last June.

Miss Stoner was translator and editor of "The Book of My Life," an autobiography of Jerome Cardan, a 15th-century physician. She was president of the Ohio Classical Conference in 1955.

Born in Fort Recovery, Ohio, she was a graduate of Lima Central High School.

Alleged Slayer Sent To Lima Hospital

HAMILTON, Ohio (AP)—Darrell F. Smith, 23, of Cincinnati, one of two men charged with murder in the slaying of Mrs. Mary Ellen Barger, 20, Wednesday was ordered committed to the Lima State Hospital for the insane.

Common Pleas Judge P. P. Boli ordered Smith sent back to the hospital "until he is restored to reason, at which time the court will proceed with the case."

Psychiatrists at the hospital reported Tuesday that Smith was insane.

They held, however, that his companion in the alleged slaying Lloyd Luther White Jr., 22, of Denver, Colo., is sane. White will be given a hearing in court here Monday.

Mrs. Barger, a young mother, was shot to death Nov. 28 on a Hamilton street as one of two men tried to grab her. Smith and White were arrested later in Orlando, Fla. Police said White admitted the shooting but claimed it was accidental.

Fire Wrecks Firm; Damage Set At Million

MIDDLETOWN, Ohio (AP) — Flames, spreading quickly from a sudden "flash fire" wrecked the plant of the Prior Products Inc., here last night with a loss, estimated by plant manager Arthur J. Doyle, at a million dollars.

The company manufactures truck gasoline tanks, auxiliary fuel tanks and other automobile equipment. It has headquarters at Dallas, Tex.

Only parts of two walls of the one-story brick and concrete block building were left standing.

The plant is in the north part of Middletown at the edge of a residential section but the flames did not spread to any nearby homes and no one was injured.

Doyle said the cause of the fire was not determined but that there was a "flash fire."

The plant employed about 85 persons. It has been in existence here for about 10 years.

Area Woman Gets New Trial In Traffic Suit

COLUMBUS, Ohio (AP)—The Ohio Supreme Court has granted Doris Lehman of near Minerva a new trial in her suit for traffic accident damages from Earl Haynam of Minerva.

She originally brought suit in Stark County Common Pleas Court for injuries received May 21, 1952, in an accident on U. S. 30 near Minerva. Haynam claimed he was innocent of negligence, saying he was stricken with unconsciousness.

A trial court jury returned a verdict for Haynam but allowed a motion for a new trial. An Appellate Court dismissed an appeal from the order granting a new trial. The case was returned to Common Pleas Court.

The Supreme Court said, however:

"The trial court did not abuse its descretion in granting a new trial. The burden of proving unconsciousness rests upon the driver who is claiming such defense." Other motions made by the defendant were overruled.

The high court also declined to reconsider its action of last Feb. 8 which affirmed a Fayette County Court decision irvolving title to the county fairgrounds at Washington Court House.

Common Pleas Court enjoined the County Agricultural Society from appropriating the 47-acre site that it now rents. An Appellate Court overruled the injunction.

Blue Cross Offers $50 Deductible

CLEVELAND (AP) — Blue Cross will ask Cleveland subscribers if they want to modify their hospital insurance along the lines of $50 deductible automobile insurance.

John R. Mannix, director of the Cleveland Hospital Service Assn., operators of Blue Cross, said such a plan could be adopted if 75 per cent of the group subscribers vote for it.

Instead of the present full coverage, patients with Blue Cross would have to pay the first $4 a day. The deductible policy covers the cost of hospital care in excess of $4 a day for the first 60 days and the whole amount thereafter.

Adoption of the deductible scheme would offset the 17 per cent increase in rates approved Wednesday by August Pryatel, Ohio Superintendent of Insurance. The increase becomes effective May 1.

"This deductible approach should lessen malingering in hospitals, while the full coverage after 60 days will reduce the burden to patients suffering from a major illness," Pryatel said.

The 17 per cent increase means a man now paying $7 a month for semiprivate family insurance will be billed $8.20 a month.

The U.S. population increased 26 million in the last 10 years, a larger increase than the nation experienced in the previous 21 years.

Driver Gets Lost After Running School Stop Sign

CYNTHIANA, Ky. (AP)—A motorist just just disappeared after twice running a school stop sign but his car was really lost.

Police Chief George Adams said Hanson P. Clifford disregarded the sign twice within a few minutes. A police cruiser abandoned a chase when Clifford's auto suddenly disappeared at a bridge.

Clifford explained when he reported to Police Court, where he paid fines totaling $70: The car had plunged over an embankment at the bridge and overturned several times. Clifford suffered only minor injuries but the auto was called a total loss.

Man Convicted of Theft Of Auto Four Years Ago

CLEVELAND (AP) — A car was stolen from in front of Central Police Station more than four years ago. Charles F. Fisher, 39, was convicted of the automobile theft Wednesday. His original trial in Common Pleas Court was postponed so he could visit his mother-in-law in Denmark.

When he came back to the United States, he settled in Los Angeles. An arrest order was issued recently and Fisher returned voluntarily. Sentence was withheld pending a probation report.

Bellanca Sells Subsidiary Automatic Washing Co.

AKRON, Ohio (AP)—Bellanca Aircraft Wednesday announced the sale of its subsidiary, N. O. Nelson Co., of St. Louis to Automatic Washer Co. of Newton, Iowa, in exchange for 40 per cent of Automatic Washer's stock.

Bellanca of New Castle, Del., is headed by Sydney L. Albert of Akron. It received 950,000 shares of Automatic Washer, which traded Wednesday at about $8.50 a share on the Midwest Stock Exchange. Together with an outstanding Bellanca note of $1,220,000 assumed by Automatic Washer, the transaction involved about nine million dollars.

Farm Prices Hold Steady In Month

WASHINGTON (AP)—The Agriculture Department reported today that farm product prices held steady on the average between mid-January and mid-February.

The farm price level in mid-February was 7.38 per cent below that of a year earlier and 27.8 per cent below the record high set in February 1951.

Prices paid by farmers for goods and services used in family living and in production declined one-third of 1 per cent during the month.

The general level of farm prices was 81 per cent of parity compared with 80 per cent in mid-January, 86 per cent a year ago and a record of 123 per cent set in October 1946.

89-Year-Old Twins Think They're Older

PARIS, Tex. (AP)—If there is an older set of twins living in the United States, two spry 89-year-old sisters—Mrs. Ellen Whitten and Mrs. Eller Buchanan—want to know about it.

Born Dec. 3, 1866, they believe they have the Texas championship wrapped up but would like to know how they stand nationally.

The twins don't think there's anything unusual about still being able to wash dishes and do other household chores. After all, they point out, their mother lived to be 101.

Rules Commissioners Control Welfare Dept.

COLUMBUS, Ohio (AP)—Atty. Gen. C. William O'Neill ruled Wednesday that a county welfare director could abolish Civil Service jobs in his department only with consent of county commissioners.

The opinion to the State Civil Service Commission said a 1947 law gave commissioners complete control of county welfare departments.

The opinion explained that the power of commissioners to create positions in a welfare department implied the authority to control the abolition of jobs.

O'Neill's office said the opinion stemmed from a situation in Columbiana County that was not further identified.

Another opinion to Highway Director S. O. Linzell said owners of billboard rights on land taken for highway purposes must be reimbursed.

Inside Labor

By Victor Riesel

President Eisenhower could appoint his disarmament minister, Harold Stassen, as temporary ambassador to Minnesota if the White House wants a report on the type of labor action being prepared for the fight against the Republican ticket next fall.

Victor Reisel

Stassen, an ex-governor of Minnesota, can get the details there faster than he'll get disarmament. He'll learn how a group of bright labor leaders took the state from the Republicans over the past decade by working quietly and linking themselves to the farmer—who may well be the balance of power bloc next November.

For those of you who are interested in who may be president in 1957, here's the story I haven't seen reported anywhere :

It has always been the AFL's technique to work quietly on the political front. It will always be so. The federation rarely made wild charges and seldom personally insulted even its most bitter opponents. But it always knew just who were its enemies—on every issue.

-:-

ITS SPECIAL Washington legislative division—call it its capitol lobby—has rooms full of steel filing cabinets. In them are the voting records of every man and woman who has sat in Congress—ever since 1900. Some of these files even have the congressmen's voting records from back home, if they were state legislators there.

There is almost a whole steel cabinet on former Sen. McKellar of Tennessee, a very important man because he sat atop the government's money boxes, the Senate Appropriations Committee.

This technique was picked up by the Minnesota Federation of Labor back in the early 1940s. It was in 1943 that the Minnesota labor people set up a public relations division. For money, they taxed their people two cents per member per month.

They took on a public relations director and set out to win over the farmers. They told the farmers that labor bought more beef, pork, milk, cream, bread, butter, eggs and bacon than businessmen did simply because there were more workers than businessmen. They wrote this in good fast style and put ads in 400 rural Minnesota newspapers.

-:-

SOME FOUR YEARS later, the head of the Minnesota Federation was telephoned by the then president of the AFL, William Green. The old man told the Minnesotan that they had to defeat Sen. Joseph Ball and elect in his place the mayor of Minneapolis, Hubert Humphrey.

They did it. They put their public relations department to work culling the Congressional Record—every single day of the publication since 1942. That's like trying to count a barrel full of tiny ball-bearings. They came up with 100 instances in which Sen. Ball could be criticized or with which he may have irritated labor, the farmer, small businessmen and veterans.

The labor people then began stream-lining something they called Facts For Farmers. They bought a mailing list of 200,000 farm names. These were arranged by towns, counties, legislative and congressional districts. When they found that Sen. Ball had voted in a way which might anger some particular district they mailed the area a batch of the "facts."

-:-

EACH ENVELOPE was addressed to a specific farmer. It appeared to be a personal message from the labor federation. The farmers got to carrying them in their pockets and when Ball got out to his home state for campaign speeches, he was bombarded with detailed questions on actions he had long forgotten or could not evcuse off-hand without counter-documentation.

Ball lost. Humphrey beat him by running better in some rural areas than in the big cities where labor was strong. Thus was launched a future candidate for the Democratic nomination for president of the U.S.

-:-

THE TECHNIQUE was used in the 1950 campaign. They elected a score of friendly legislators.

In 1954, labor helped its friends win part of the state legislature. It has no control over the state senate. But it hopes to take it all in 1956. By controlling the house in Minnesota, however, labor now can prevent passage of any law.

Now labor's national political leaders are examining this technique. Already the public relations and "Facts" publication approach is being used in New Jersey and Texas and soon in California. By the summer the tie to the farmers will be strong—and the farmers can make or break the Republican ticket.

19 Boy Shoplifters Arrested In Canton

CANTON, Ohio (AP)—The arrest of 19 boy shoplifters, some of whom were dressed from head to toe in stolen clothing, was announced on Wednesday by Capt. Frank Bors Jr. of the Child Welfare Bureau.

Bors said the boys, ranging in age from 11 to 17, admitted they stole from every department store in Canton, then shifted their activities to Massillon "because all the local merchants knew us and would kick us out as soon as we got into the store."

Seven were put in the detention home as ringleaders. The others were cited to Juvenile Court and released to their parents.

Interesting lessons in advertising for all newspaper readers.

He is big and strong and so unusual looking that he attracts lots of attention. But that doesn't make him a welcome guest, except maybe in the zoo. It is said that even his zoo mates regard the rhinoceros as somewhat of an odd-ball.

The same holds true for advertising. Just because an ad is big and unusual doesn't mean that it is the only kind that brings a welcome message. In fact, the smallest ads you can find are often the most welcome to the reader.

Take the News Want Ads for example. Thousands of people read them every day, and thousands of others use them to find jobs, homes, and other needed items, and to sell articles they no longer need. If you ever need a News Want Ad. (and who doesn't) just call ED 2-4601 for fast, courteous help.

Ike Looks Relieved, Happy Before Appearing On TV

WASHINGTON (AP)— Somebody remarked that President Eisenhower looked as happy and relieved as a fellow going fishing after shedding the cares of the world.

Actually, only a few hours earlier he had announced his willingness to hang on to the cares of the presidency for a second term.

Just the same, he did look relieved that the big decision was behind him as he waited there in his White House office Wednesday night. He was about to go on television and radio to tell the American people why he decided as he did.

Grouped off to his right were members of his family—his wife, their son and daughter-in-law, the First Lady's mother and the President's youngest brother Dr. Milton S. Eisenhower. The President had a cherry greeting for all of them as they arrived from the White House living quarters.

Eisenhower himself showed up 20 minutes before time to go on the air, and he was in a jaunty mood. He sized up the big battery of television, newsreel and still cameras lined up in front of his big desk, then remarked with a grin:

"I'm ready. Let's get started."

The newspaper photographers crowded around for pictures of him going over the pencil-edited text of his talk. Meanwhile, his coach, TV producer Robert Montgomery, asked the President to put on his glasses so the other cameramen could make sure there was a minimum of glare reflected from the big lights.

The President wore a gray suit, light blue shirt and a navy blue tie. He wanted to roam around the office and Montgomery had to call him back to the desk for further camera adjustments.

"What did we do with Gen. Grant's clock?" Eisenhower asked his press secretary, James C. Hagerty, after noticing that the old time piece which Preident Grant brought to the White House had been removed from the table behind his desk. Hagerty pointed out the clock in a temporary position across the room.

Eisenhower also wondered aloud whether his son and daughter-in-law, Army Maj. John Eisenhower and his wife Barbara, were going to get there in time for the broadcast. A moment later a Secret Service agent notified him the couple had just arrived from their home at Ft. Belvoir, Va.

Eisenhower picked up the phone on his desk and called John in the living quarters to say he and Barbara had better hurry, that he was going on the air in just eight minutes.

When he went on the air, Eisenhower's mood turned solemn as he told the nation that despite his heart attack, "as of this moment, there is not the slightest doubt that I can perform as well as I ever have, all of the important duties of the presidency."

Mrs. Eisenhower cupped her chin in her left hand and watched her husband intently when he said of his decision:

"Even the closest members of my family have declined to urge me to any specific course, merely saying they would cheerfully abide by whatever I decided was best to do."

John leaned over and whispered something to his mother and she nodded without taking her eyes from the President.

When Eisenhower concluded his talk, the First Lady joined him at his desk. TV watchers got a brief glimpse of her. She wore a black silk dress and a double strand of pearls

When the photographers moved in for another picture after the broadcast, Mrs. Eisenhower was standing and the President was seated at his desk

"I'm old fashioned," the First Lady said with a laugh. "You're the one who should be standing."

Marilyn Monroe Pays $55 Traffic Fine

BEVERLY HILLS, Calif. (AP)— A $55 fine has satisfied the case of the people vs. Marilyn Monroe DiMaggio.

Demurely dressed in a black, high-necked dress, the actress pleaded guilty Wednesday to a 1954 traffic fine, issued when she was still using the name of her ex-husband, Yankee Clipper Joe DiMaggio.

Miss Monroe paid $5 on a charge of driving without a license and $50 for failing to appear on the ticket and a bench warrant. Then she cast her blue eyes downward as Municipal Judge Charles J. Griffith lectured:

"Laws are made for all of us . . . whether our name happens to be Miss Monroe or not."

In a small voice, Miss Monroe explained she couldn't appear earlier because she was in New York acting. Judge Griffith snapped:

"Well, this kind of acting won't bring you an Oscar."

Nearly 3,000 Die In January Traffic Mishaps

CHICAGO (AP)—Nearly 3,000 persons were killed in traffic accidents in January, a 5 per cent increase over January 1955. It was the 11th straight month of increased traffic tolls, the National Safety Council reported. The nation's traffic deaths in the first month of 1956 totaled 2,960 compared with 2,820 in January 1955.

Dravo Co. Bids Low On Locks for Ohio River Dam

LOUISVILLE, Ky. (AP)—The Dravo Construction Co., of Pittsburgh was the low bidder here Wednesday on construction of locks and guide walls at the Markland, Ind., dam on the Ohio River, 65 miles below Cincinnati.

Col. John L. Person of Cincinnati, Ohio River division engineer, U.S. Corps of Engineers, said the Dravo bid was $18,461,984 as compared with a government estimate on the cost of $18,421,593. Col. Person said it was "likely" that the contract would be awarded in 10 days.

He said the new high level dam would create a deep pool 87 miles long and that "Cincinnati will have a deeper water at its door in a relatively stable pool."

The deeper level, he said, "should be an invitation to industry to seek riverside sites with all their accruing advantages to ecoquate water supply."

Sandy Valley Eliminates Quakers From Tourney, 66-54

Salem Inaccurate On Shooting

Cardinals' Faigley Tallies 33 Points

By CARL NANDRASY

The 1955-56 Salem Quaker basketball season was brought to a sudden halt last night at the Stanton Junior High Field House in Alliance.

A fellow named Roger Faigley and four other members of the Sandy Valley Cardinals quintet completely dominated the hometown five in the second round of play in the Alliance sectional tourney to upset the locals 66-54 and eliminate them from the tourney picture.

Forward Faigley, 6-2½, broke the local quintet's back with his 33 points, half his team's total, made from far outside and in close to the bucket.

For Salem it was one of their worst showings of the season as they displayed tournament jitters throughout the contest. The Cabasmen were drastically off their shooting accuracy on the big floor, expecially from the foul line.

Playing before a capacity crowd, the Salem five took command in the first period but were outclassed in the three remaining frames. John Cabas' boys established a slim 20-18 lead at the conclusion of the first stanza, but Sandy Valley, led by Faigley's 18 points in the first half, managed to knot the count to 30-all at the intermission.

In the second half it was all the Cardinals as they overshadowed the hometowners in shooting and ball handling. During the third period, the winners pumped in 19 points to only 10 for Salem to take a comfortable 49-40 margin.

-:-

THE CARDINALS began a more deliberate game with the big lead in the final frame and the locals tried desperately to get back in the ballgame. But Salem was again outscored in the last quarter 17-14, to give Sandy Valley the 12-point win.

Coach John Cabas tried hard to get someone to stop the crippling play by Faigley throughout the contest. The Salem mentor tried four different players, Klein, Fenton, Alexander and Pauline, at different times in the game to oppose the Cardinal forward's deadly accuracy but he continued the pace during the game's entirety.

Faigley is one of the most versatile players seen in a long time. A member of the Stark County Class A first team this year, he was highly accurate when sitting out front and dumping in set shots and when Salem defenders came up to stop him, he went around them to drive and score. When he was stopped by the long arms of the local defense, he would hook in shots with the greatest of ease. The Cardinal forward also played a good rebounding game.

Salem shot a mediocre game from both the field and foul stripe. They hit on 20 of 64 attempts from the field for a 31.2 percentage — 35.3 in the first half and 26.6 in their final half of the game.

Sandy Valley shooting attempts prove that they dominated play in the game. They took 82 shots from the field, making 27 for a 32.9 per cent.

From the foul line, neither team was spectacular. Salem meshed 14 of 23 tries for a 60.8 per cent, and Sandy Valley hooped 12 of 21 attempts for a 57.4 percentage.

-:-

SENIOR RICH HUNTER, although he had one of his most inaccurate evenings of the season, again took Salem scoring honors with eight fielders and one foul for a total of 17 markers.

Additional Quaker scoring came from Jack Alexander with 14 points; John Stephenson and Mark Fenton, 10 each; Bill Schuster, two; and Matt Klein, one.

Besides Faigley's 33 points, on 15 fielders and three fouls, Sandy Valley center Ed Ropes garnered 13 markers and forward John Lewis 11.

Salem swished the cords first in the contest when Jack Alexander hit on a fielder with only 32 seconds gone in the contest. The local five extended their margin to 8-2 with four minutes and 53 seconds remaining in the initial period, but Faigley then began to hit from all over the court for the rest of the period to score 12 of his team's 18 points and cut the Salem lead to 20-18 going into the second frame.

Guard Frank Mastroine meshed two quick foul conversions only 55 seconds into the second stanza to knot the count at 20-all.

Klein hit on a foul and Stephenson dropped in a field goal to put the hometowners out in front again 23-20 with six minutes and 51 seconds left in the first half. Cardinals Ed Ropes and Faigley came right back with a field goal apiece to put Sandy Valley in the lead 24-23 with five minutes and 49 seconds before the intermission.

A goal by Alexander and a two-pointer and a goal by Hunter followed to put the locals ahead 28-24, but Ropes and Faigley again scored a fielder each to knot the count at 28-all at two minutes and 23 seconds in the half. Hunter and Faigley followed with a field goal each before the buzzer to tie the game for the fourth time, 30-30.

-:-

SALEM LOOKED STRONG on the return to the floor from the locker room as Hunter meshed a two-pointer and Fenton converted a foul, while Ropes was able to get one foul to put Salem in their last lead of the night, 33-31.

Sandy Valley then hit on 11 straight points for a 42-33 lead, before Salem scored again with two minutes and 39 seconds remaining in the third frame. The Cardinals continued the pace to hold the 49-40 third period lead.

It was very evident throughout the contest that the Quakers were nervous on the big floor, playing before the capacity crowd. Drawing a bye in the first round of play certainly appeared to be a detriment to the local cause.

The Sandy Valley squad had played the night before against a rather weak Greensburg five, which must have sharpened their shooting and help eliminate jitters they would have inevitably had if it had been their first game last night. They played like they were on their home floor by taking charge in all-round floor play and rebounding.

The loss was quite a letdown to loyal Salem fans who turned out en masse last night. Even though there were only two games played last night as compared to three the night before, the stands were filled to capacity for both games last night, while there were seats available throughout the Field House the night before.

The battle for the second and third playoff spots in the western division of the National Basketball Assn. apparently is going right down to the wire with St. Louis and Minneapolis holding an edge over Rochester as of today.

Minneapolis' Lakers moved into a tie for second place with the idle Hawks of St. Louis Wednesday night, by defeating Syracuse 98-94 while Rochester lost a chance to close in when the Royals dropped an 86-81 decision to Philadelphia. The Royals, with six games left, trail St. Louis and Minneapolis by only 1½ games but are behind four on the all important losing side. The Lakers and Hawks each have 11 games to go.

In the other game Wednesday night, the Boston Celtics whipped the Fort Wayne Pistons, western division leaders, 106-99.

QUAKERS OUSTED EARLY — Most of the Salem shots couldn't find the mark last night, as Sandy Valley eliminated the Quakers from the Alliance Class A tourney, 66-54. At left, Rich Hunter lays up a shot in the first quarter which was good for two points as the Quakers pulled off to an early lead. Set for a rebound are Mark Fenton, (23) at left of photo and Bill Pauline, under basket. John Stephenson is seen at rear.

In the second picture, Jack Alexander goes up in the third quarter for an underhand shot which missed the bucket. Defending against the shot is Sandy Valley's Ed Reed (55). At right, John Stephenson, in the thick of the action all evening, also tries an underhand shot in the third quarter, which rolled off the rim. Roger Faifley Faigley, (60) star of Sandy Valley's attack, tries to halt the shot.

Salem Booster Club Will Meet Tonight

Russell, Freeman Lead AP All-American Cage Squad

By TED MEIER

NEW YORK (AP)—Dominated by big Bill Russell and little Robin Freeman, five seniors from San Francisco, Ohio State, Duquesne, Furman and Holy Cross were named today to the 1956 Associated Press collegiate all-American basketball team.

Selected with Russell and Freeman by a vote of 329 sportswriters and broadcasters were Sihugo (Si) Green of Duquesne, Darrell Floyd of Furman and Tom Heinsohn of Holy Cross. Russell, Freeman and Floyd are repeaters from the 1955 all-America while Green moves up from the 1955 second team and Heinsohn from the 1955 third team.

The 6:10 Russell, who led the Don's enroute to their string of 48 straight victories, received 308 first team votes and seven 2nd team marks for a total of 1,554 points. Freeman, only 5:11 but one of the nation's best shooters, polled 233 first and 46 seconds for 1,257 points.

Green was third in the voting with 361 points on 153 firsts and 48 seconds followed by Floyd with 813 on 124-94 and Heinsohn with 624 on 98-82.

Ronnie Shavlik, North Carolina State star who fractured his wrist last Saturday; K. C. Jones, Russel's teammate at San Francisco; Rod (Hot Rod) Hundley of West Virginia; Len Rosenbluth of North Carolina and 7 ft. Bill Uhl of Dayton were picked as a second team.

George Washington's Joe Holup; Julius McCoy of Michigan State; Bill Ridley of Illinois; Bob Burrow of Kentucky and Willie Naulls of UCLA make up a third team.

Charley Tyra of Louisville; Paul Judson of Illinois; Hal Lear of Temple; Morris Taft of UCLA and Vic Molodet of North Carolina State head an honorable mention list of 21. The 15 on the first three teams will receive certificates from The Associated Press.

Others from the Midwest named to the honorable list included Terry Rand, Marquette; Gary Thompson, Iowa State, and Carl Cain and Bill Logan of Iowa.

The feats of Russell, known as the stuffer, are so well-known they hardly ned any repeating. Virtually unknown a year ago he leaped into the limelight with his uncanny ability on the court to lead the Dons to the NCAA championship and their victory string of 48 straight. This year he has done even better.

The repeat selections of Freeman and Floyd, who have battled for the major college individual scoring lead all season, vindicates those who voted for them in 1955. They were regarded in some quarters as only "shooters." This year, as marked men, they did well under pressure.

Stockholders Okay Sale Of Indians

CLEVELAND (AP)—Sale of the Cleveland Indians for $3,961,800 was approved Wednesday night at a meeting of the baseball club's stockholders.

Formally ratifying action club directors took Feb. 14, the stockholders voted to sell at $1,550 a share to a new company headed by William R. Daley, 63, president of Otis & Co., an investment firm; Ignatius A. O'Shaugnessy of St. Paul, president of the Globe Oil Co. and Hank Greenberg, Tribe general manager since 1950.

The deal represents a profit of around three million dollars to holders who paid $100 a share for stock when Bill Veeck purchased the club 10 years ago.

2 Women In Close Fight In S. Atlantic Tourney

ORMOND BEACH, Fla. (AP)—Barbara Romack and Fran Emerson waged a head to head battle today in the second round of the South Atlantic Women's tournament.

Mrs. Emerson, from Dayton, Ohio, pulled the first surprise of the tournament Wednesday when she ousted medalist Marge Burns of Greensboro, N. C., 2 and 1.

Miss Romack, former national amateur champion from Sacramento, Calif., and two-time winner here, breezed past Mary McCutcheon of Jasper, Ala., 9 and 7. Miss Romack won the last nine holes with eight pars and a birdie.

Columbiana, North Lima Win In 'B' Sectionals

Columbiana rolled over Hartford 67-49, Warren St. Marys upset Mineral Ridge 69-55, and North Lima barely edged Vernon 49-47 in the Class B Sectional Tourney at the Youngstown South Fieldhouse last night.

The opening contest between Columbiana and Hartford saw coach Rich Berryman's Clippers edge Hartford 16-15 in the opening frame and extend their lead to 30-25 at the half. The Clippers continued to click in the third period and led 44-37 going into the final stanza.

In the final period, Columbiana turned on the steam and breezed to an easy 67-49 win. Brad Tingle connected for 22 points to pace the Clipper attack and Don Greiner added 15 to the cause.

An inspired Warren St. Mary's five, after trailing 18-16 at the end of the first period, came up with 16 tallies in the second frame while holding their foe Mineral Ridge to eight points to take the lead at intermission, 32-26.

The two teams traded scores in the third frame and at the outset of the final period Warren led Mineral Ridge 49-42. St. Marys blasted their opponents 20-13 in the final period to post their one-sided upset 69-53.

Frank Fetsko was the big gun in the Warren attack with 22 points and Tom Stokes was high for the losers with 20 tallies.

In the last contest of the evening, the North Lima Zippers received a scare in the closing seconds of their tilt with Vernon.

The Zippers moved out to a 16-10 first quarter margin and took a 25-19 lead to the locker room at halftime. Vernon's quint began to pull close to the winners in the third frame as they cut the margin to 37-33 North Lima. In the final stanza, the losers outpointed the Zippers 14-12, just two points short of a tie.

Zipper center Bruce Plaskett had one of his low scoring nights but still managed to take scoring honors among his teammates with 21 markers. Forward Don Gruver of Vernon paced his quintet with 20 points.

As a result of action last night, Columbiana will play Champion tonight at 7:30, and New Waterford will oppose Warren St. Mary's, with the two winners going to the District playoffs at Kent.

On Saturday night, Leetonia will tangle with North Lima and Lowellville meets Lordstown, with these two winners also headed for the Kent District runoffs.

Pierce Feels This Is Year For 20 Wins

TAMPA, Fla. (AP)—Billy Pierce, his sore arm a thing of the past, believes this is the long-awaited year when he will achieve his ambition of becoming a 20-game winner.

The little Chicago White Sox lefthander today cited three reasons for his optimism.

1. The shoulder soreness which plagued him on and off during the past few seasons prior to last year has completely vanished.

2. The tough luck he encountered last year cannot possibly continue.

3. Manager Marty Marion's recent pronouncement that he will be given more starting assignments than in 1955.

"I'm delighted to start once every five days instead of once a week as I did last year," said Pierce. "Such a schedule would permit me to start at least eight more times. I won 15 last year under the once-a-week plan. Had Marion pitched me more often, I believe I could have won 20."

The closest Pierce came to achieving his goal was in 1953 when he captured 18 decisions. He had 17 by the end of August. The arm became sore and weary and he failed to finish five of his last six starts, completing only his final game for his 18th victory. The pain didn't leave him all of the 1954 season and he finished with a subpar 9-10 record.

Pierce's arm came back strong as ever last year but bad luck continued to dog him in another form. He won 15 and lost 10, four of his setbacks being by 1-0 scores he also dropped two 3-2 decisions. He surled six shutouts and led the major league pitchers with a brilliant 1.97 earned run average.

It wasn't so funny then but the 28-year-old native of Detroit laughed as he recalled those one-run defeats.

"It's going to be different this year," he said, "if only because we've acquired Larry Doby. He's going to provide the lefthanded punch we've lacked ever since I've been here. It'll be great to have him batting those home runs for us instead of against us."

Lopez Wouldn't Trade 'Old' Pitching Staff

TUCSON, Ariz. (AP)—"I wouldn't trade my 'old men' for Casey's young ones," Cleveland Manager Al Lopez says of his veteran pitching staff.

The Indians manager referred to a crack by Casey Stengel, New York Yankee pilot, that the league champions were "much better off for pitchers than some other clubs in the league that have old men back."

Except for Tommy Byrne, who came back last season at 35, the Yanks starters all are under 30.

The Indians starting quintet includes Bob Lemon, 35; Early Wynn, 36; Mike Garcia, 32; Art Houtteman, 28, and Herb Score, 22.

Dukes Upset Dayton 87-86

Si Green Dumps In 40 Points To Lead

By ED WILKS
The Associated Press

Si Green, named today to the Associated Press basketball All-America, is a jumping jack-of-all trades for Duquesne, shooting, rebounding, passing and defending, but the springy-legged 6-2 kid from Brooklyn practically has made a trade-mark of cutting Dayton down to size.

A year ago in the title game of the National Invitation Tournament, it was Si who canned 33 points and paired with All America Dick Ricketts to score all of Duquesne's points in the first 27½ minutes while belting the Flyers 70-58.

With Ricketts graduated, it finally looked as if Dayton was too much for Green, beating the Dukes 68-52 last month despite Si's 30 points.

But Wednesday night Si was back at the old stand, peppering home 40 points—including the clinching basket on an easy layup with 10 seconds left—as the Dukes rallied to upset the Flyers, ranked No. 3 in the AP poll, 87-86. It was only the third defeat in 25 games for Dayton this season while upping Duquesne's so-so record to 14-9. Both again are headed for the NIT.

The upset doesn't change the NIT picture much. Dayton and Louisville still rate the favorites with the Dukes a bit too thin, perhaps, for a tough tourney grind.

Louisville wrapped up its best regular season ever with a 23-3 record Wednesday night, avenging an earlier 40-point thumping by belting NIT-bound Xavier of Ohio 83-70. Phil Rollins and Jim Morgan hit 7 of 8 jump shots in the first 10 minutes of the second half as Louisville spurted to a 68-51 lead.

St. Joseph's of Philadelphia came a step closer to gaining the Mid-Atlantic berth in the NCAA Tournament by outlasting Muhlenberg 74-63 for a 19-4 record.

Texas Tech made it to the NCAA by clinching an undisputed Border Conference championship in its final league game, 87-66, over New Mexico A&M.

Canisius, an NCAA at-large entry, defeated Syracuse 76-73 by sinking 42 of 52 from the foul line. Niagara, headed for the NIT, breezed past Siena 78-44, but Marquette, another NIT entry, was dumped by Notre Dame for the second time in nine days 87-69.

John Holman Whips Irish Joe Rowan

MIAMI, Fla. (AP)—Big John Holman, a slow man in the ring but a fast climber recently in the heavyweight boxing ranks, overpowered Irish Joe Rowan of Philadelphia Wednesday night and looked forward to a bout with Tommy Hurricane Jackson.

"They promised to give us Jackson next," said Holman's manager, Bernie Glickman, "and if we win that one we should be in line for a shot at the championship."

Holman, the fourth ranking contender for Rocky Marciano's crown was an easy winner over Rowan in a nationally-televised 10-round fight.

Rowan, a much faster boxer, took a slight edge in the opening round but the plodding Holman's great advantage in weight and punching power put him in command in the second and he gradually built up a wide margin in points.

Carli Lumber Defeats Strouss To Capture City Championship

The Carli Lumber Class A cage team copped the City League basketball championship last night as they upended runners-up Strouss-Hirshberg 85-69 for their second straight win in the best of three playoff series.

Strouss-Hirshberg had previously beaten Salem Tool two-out-of-three games in an earlier playoff series to reach the finals with Carli.

Forward Eddie Jordan paced the champs attack with 12 fielders and four fouls for a total of 28 points last night. Guard Bill Youmans was not far behind with 26 markers.

Veteran center Bob Pager led the losers with seven fielders and eight fouls for a total of 22 points.

Carli took an early 18-15 first period lead and were never headed as they went on to post a 39-29 intermission margin. The winners extended their margin to 67-44 going into the final frame.

In the playoffs, Carli was first, Strouss-Hirshberg second, Salem Tool third and McCulloch's fourth.

Freeman Could Be 3rd Highest Scorer

NEW YORK (AP)—Robin Freeman's chances of beating Furman's Darrell Floyd out of the major college individual basketball scoring championship are slim but the Ohio State all-America could well become the third highest point maker in history.

NCAA service bureau statistics, released today and including games through Feb. 27, show Floyd in first place with an average of 33.5 points per game on 872 in 26 games. Freeman has a 32.4 average with 647 markers in 20 contests.

Floyd has finished his regular season but has the possibility of playing from one to three more games in the Southern Conference tournament starting today. Freeman winds up his career against Michigan State on Saturday and Minnesota on Monday.

Freeman's 43-point barrage against Illinois last week sent his average soaring to a position where he needs only to keep it to pass Buzz Wilkinson of Virginia in the all-time rankings. Wilkinson compiled a 32.1 point average to rank behind Frank Selvy former Furman ace, and Floyd.

Bill Von Weybe of Rhode Island retained his free throw lead, when he made 10 of 10 last week to boost his percentage of .872. Tom Jorgensen of Michigan is second with .866.

Typewriter Tattle

By HAL BOYLE

NEW YORK (AP) — Typewriter tattle:

A minor Leap Year victory for the ladies this season has been the opening of what is claimed to be the first beauty parlor at an American racetrack.

It's at Hialeah, outside Miami.

Men have been clipped —and spent a lot of money on close shaves — at racetracks for centuries. But the thought of a woman journeying to a bangtail circuit to get her bangs trimmed is, well, a bit on the odd side.

I asked a Florida informant to check up on the progress of the experiment. His report has just arrived, scribbled on several old racing forms.

It seems the idea for the beauty parlor originated with Vincent Pelegi, of the Philadelphia firm of Vincent and Joseph. He figured that such a shop might provide a refuge for wives bored with watching their husbands bet the family budget on the ponies.

The beauty parlor caught on at once. Vincent has a staff of four now.

But he quickly learned one thing. The little woman who accompanies hubby to the racetrack isn't bothered by boredom. She wants some action, too.

Vincent is kept busy running upstairs placing bets on the next race by the ladies sitting under the dryers. He has thrown away his stock of women' magazines. The girls prefer to study the Racing Form, the Green Sheet, the Horsemen's Journal. They don't gossip about clothes, men or babies. They swap tips on horses.

If ladies have a one-track mind, the mind of these ladies is on the track outside. Some insist that theirhairdresser keep a turban handy, so they can wrap it around their heads and rush outside to watch a particularly exciting race.

The beauty parlor staff is fascinated by the betting habits of the women. Some are inveterate students who wouldn't think of laying their money on a horse unless they know his ancestry for three generations—and what he ate for breakfast. Others depend on feminine intuition, dreams, or merely close their eyes and stick a hairpin through the racing program. The systems work out about the same.

The ladies, especially the hunch players, are addicted to daily doubles. Vincent recalls one who won a $1,069 double after finding a 1955 penny on the way into the track. She bet on the No. 5 horses in the first two races.

The "dream" players don't depend merely on their own dreams. They'll bet on anybody's dreams, including those of their chambermaid at the hotel.

Women like tall, dark and handsome men, but they don't feel that way about horses. They prefer to bet on grey rather than dark horses. No telling what they'd do if there were bald horses.

Vincent's unusual salon has succeeded so well he now plans to open another beauty parlor soon at one of the northern tracks. It seems he's been getting a lot of good tips himself.

Man, 81, Gets Divorce; Won't Remarry In Hurry

LOS ANGELES (AP) — When Superior Judge Burnett Wolfson granted a divorce to William A. Linsky, 81, he advised the former New York and Boston clothing merchant:

"Don't be in a hurry to marry again."

Leaning on his cane, Linsky grinned and replied: "No, I think I'll wait awhile."

Linsky got the decree Wednesday after testifying his wife Fannie, 79, forced him from their home last Dec. 6.

About two-thirds of U.S. men over 65 years old have living wives but only one-third of the women of that age have living husbands.

LESS BOUNCE — New trains and buses are taking to air — air spring bellows, that is. Placed between the axles and body of a vehicle, the bellows form cushions of compressed air that absorb jolts, making for a smoother ride, designers claim. Edith Cox is shown above forming a spring bellows. She works at a Firestone plant in Noblesville, Ind., which makes the spring that resembles several small tires placed on top of each other.

Man To End Marriage Same As He Began It

MARTINEZ, Calif. (AP) — Troy Fortner was more than somewhat disturbed when his wife sued for divorce. After a process server delivered a subpoena, he returned home and told his wife Joanne:

"We started without anything and we're going to finish that way!"

With which statement, police said, he wrecked a $600 television set, a living room table and chairs, a coffee table, beds, dressing tables, a refrigerator, an electric stove and various and sundry other items.

Later he pleaded guilty to malicious mischief and disturbing the peace.

Reducing Fails To Save Marriage

CHICAGO (AP)—A divorce decree today ended the marriage of a woman who tried to save it by slimming down from 190 pounds to her wedding day weight of 127.

Mrs. Lucille Korzen, 44, leveled off at 140 by Oct. 20, 1955, but her husband said he wouldn't take her back at 95 pounds.

The husband, Michael, 43, felt the same way today so Judge Charles S. Dougherty of Circuit Court granted the woman a divorce on ground of desertion. Korzen dropped his crossbill charging cruelty.

Korzen, a Chicago Transi Authority worker, will pay $25.00 a week child support for their two children, Dolores, 12, and Michael, 11. The Korzens married Nov. 27, 1937 and separated April 26, 1954.

When the divorce suit first came up Judge Cornelius Harrington suggested a weight reducing program as a possimle marriage saver because of the couple6s frequent arguments over her weight. Her goal was her bridal day weight of 127 but she never made it.

Savings Bond Sales Show Drop In County

January sales of series E and H U. S. savings bonds in Columbiana County totaled $266,687 a decrease of $159,181 compared to the same month last year, Keith L. Williams, area sales manager for northcentral Ohio, announced today.

State sales of savings bonds dropped 16 per cent below January, 1955 with sales totaling just under $29,000,000. Williams pointed out that while sales of bonds in 1955 reached the highest peak since the end of World War II, Ohio had received an eight million dollar increase in sales quota for 1956.

Advisory Council Officer Election Set

LISBON — Annual meeting of the district advisory council of the County Health Board will be held at the courthouse here at 8 p.m. Monday evening, at which time officers and one member of the district board of health will be elected.

In the event courtroom No. 2 is not avilable, the meeting will be held in the offices of the County Health Board on the third floor of the courthouse.

At this meeting the health board will present for approval or revision a tentative budget for the health board for the current year.

The advisory council is composed of mayors of municipalities within the scope of the County Health Board, except for those of cities which have health departments, and chairmen of the boards of township trustees. In the event a member of the council is unable to appear at the meeting, a new law enacted at the last session of the State Legislature provides that an alternate be designated to attend.

Try Afternoon Tea, Biscuits

Afternoon tea, when I was a little girl in Canada, was an everyday occurrence. But tea on Saturday or Sunday afternoon was often a special occasion. Then my mother might serve her rich crusty-brown baking powder biscuits. When you split one, dabbed it with butter, and tasted the soft downy insides, you thought you were eating angel wings. My mother used a concoction of her own — made from honey and walnuts — as a spread for the biscuits and I can still remember how good the combination tasted.

A friend tells me that she likes to use Lemon Butter — of English origin and sometimes called Lemon Curd or Lemon Cheese — as a biscuit spread. Not long ago, on a trip through Pennsylvania's Chester County, I discovered that Lemon Butter has been a favorite in that region for many years, and that the recipe for it used to appear in ladies'-aid cook books. Here in New York we understand that you can buy the lemon spread, imported from Scotland, in some retail shops. You can also buy an utterly delectable homemade variety of it in a little downtown Ninth Avenue shop run by a tiny lady in her seventies.

If you want to prepare the Lemon Butter at home, you might try this recipe. It produces a fine flavored smooth spread, good to have on hand in the refrigerator. We ourselves like it best, in English fashion, as a tart or cake filling.

But now matter how delicious your tea accompaniments are, they will taste best if the tea itself is made well. It can not be said too often that your teapot should be pre-heated; that you should use fresh cold water and bring it to a full rolling boil just before making tea; and that the tea should be brewed about five minutes. With these words, we adjure you- Now make that cup of tea both hot and strong, and, on a cold afternoon, savor its unique comfort.

Lemon Butter

Ingredients: 2 eggs, dash of salt, 1 cup sugar, 2 tablespoons butter or margarine (left at room temperature to get soft), rind of 1 lemon, ¼ cup lemon juice.

Method: In top of double boiler, beat eggs just enough to combine yolks and whites. Stir in salt, sugar, butter, lemon rind and lemon juice. Place over boiling water, with the water coming up as high as possible. Cook and stir constantly until thickened — 8 to 10 minutes. (Mixture will coat a silver spoon well when it is thick enough). Fill bottom part of double boiler with cold water and allow pan of Lemon Butter to stand over it until cool. Store in tightly covered container in refrigerator—mixture will thicken a little when it is chilled. Makes about 1¼ cups.

Breakfasts Start You Right For Day

Many normally active, healthy people find it hard to understand why anyone should have to be urged to eat a better breakfast. However, Chester Swank, consumer food marketing specialist at Ohio State University, says that nutrition studies show that a surprisingly large proportion of our total population eats much less than a satisfactory breakfast.

He explains that one's nutritional needs varies with the individual and with the type of activity in which the individual ordinarily engages. Therefore, it is impossible to make up a menu for a perfect breakfast and say, "This is it," for everyone.

There are, however, as Swank points out, certain basic facts about nutrition that apply to all individuals. One of these is that breakfast should provide roughly from one-fourth to one-third of one's daily calorie requirements. Another is that breakfast should consist of readily digestible foods that provide relatively quick energy.

Citrus fruits or juices are commonly included in the breakfast menu. They provide essential vitamin C and are readily digested and assimilated into the blood stream.

Another food group that comes in this general classifcation is the cereals. Many prepared cereals are fortified to provide much needed food essentials. The amounts may be noted by reading the labels on packages. Cereal generally may be said to provide calories for energy which helps get a person off to a good start early in the day. They are excellent sources of vitamin B, iron and phosphorus.

Uncooked cereals normally give the shopper the most food value for her money.

You'll have easier dishwashing after a baking bout if you're careful to wipe off any batter spilled on your cake pan before you put it in the oven.

Pot Roast Tips Told By Author

In Chicago we had a long talk with Beth Bailey McLean, nationally famous home economist and co-author of "The Complete Meat Cookbook." Pot roast was the subject. Because a good pot roast is always welcome, you may want a summary of Mrs. McLean's pot roast wisdom.

A rolled, boned rump roast is one of the finest cuts for pot roasting.

Dip the roast into seasoned flour and brown well in a little hot fat in a deep kettle. Allow about 15 to 20 minutes for this. Slip a trivet rack under the meat. Add ½ cup water, 1 tablespoon salt, 1 tablespoon crumbled thyme or 1 teaspoon dill seed. Cover and cook slowly on top of range or in a moderate oven at 350 degrees F.

Allow time for very slow cooking. Plan on about 4 hours to develop the full flavor and tenderness.

Creole Pot Roast

Three pounds beef pot roast, 2 tablespoons fat, 1½ cups tomato puree, ¼ cup olive liquid, 2 cups sliced onions, ¾ cup sliced stuffed olives.

Melt the fat in a skillet. Brown the meat well on both sides. Slip a low rack under the meat. Add the tomato puree and olive liquid. Top the meat with onions and olives. Cover tightly and cook over low heat for 3 hours or until meat is tender. Serve with hot fluffy rice in true Creole style. If gravy is made with the pot roast, use only 1 tablespoon flour mixed with ¼ cup cold water for each cup of broth. A teaspoon of curry powder mixed with ¼ cup water, a few shakes of pepper sauce, and a dash of Worcestershire sauce, if desired.

Oven Pot Roast

Three to 5 pounds pot roast, 2 tablespoons fat, 1 cup chili sauce, ¼ cup water, 1 tablespoon salt, 2 medium size onions, sliced, potatoes, carrots, onions.

Melt fat in deep kettle or Dutch oven. Brown meat well on all sides. Spread chili sauce over surface of meat. Add water, salt, and sliced onion. Cover. Cook in a moderate oven (350 degrees F.) for two hours. Add prepared vegetables. Cover and continue cooking for an additional hour or until meat is fork tender and vegetables are done. To thicken broth, combine 3 tablespoons flour and ½ cup water. Stir half of this slowly into hot broth. Add remaining flour-water mixture, if necessary, to thicken broth.

Cook 10 minutes completely to cook the flour.

Try a decorative edible center piece made of frosted grapes. Separate the grapes into comfortable clusters, wash them and drain thoroughly. Dip the clusters quickly in heavy cream and shake them gently. Then dip them in granulated or powdered sugar, and let them rest on wire racks until they are dry.

COMPLETELY NEW! COMPLETELY DIFFERENT!

Imperial's got the flavor that's been missing in margarine!

Imperial IS THE FIRST MARGARINE UNCONDITIONALLY GUARANTEED TO TASTE LIKE THE HIGH-PRICED SPREAD!

You're going to be seeing a brand new product at your grocer's today . . . a product so superior that it carries a guarantee never before made — in all of margarine history. Imperial is the first margarine *guaranteed* to bring you the tantalizing flavor formerly found only in the expensive spread for bread.

IMPERIAL'S GOT THAT FLAVOR

Flavor is what's been missing in margarine. And flavor is what Lever Brothers devoted seven years to achieve. It wasn't hard to make Imperial *spread* smoother and easier than any other margarine. And it wasn't hard to make Imperial as *nutritious* as even the most expensive spread you can buy. The trick was flavor. And Imperial is the first margarine to capture and hold that unmistakable flavor everybody loves.

YOU AGREE—OR LEVER BROTHERS RETURNS YOUR MONEY

We know you may find it hard to believe that a margarine could live up to all we claim for Imperial. So to make it possible for you to try Imperial without any risk, Lever Brothers unconditionally guarantees that if Imperial doesn't taste like the high-priced spread to you — they'll return every penny you spent to try it.

P.S. Like the high-priced spread, Imperial is delicate and perishable. So to *protect* its perfect flavor, always keep Imperial in your refrigerator.

Combine Leftovers, Yams

From Mrs. William Kohlhass of Harrisburg, Pa., comes the idea of combining turkey leftovers with Louisiana yams.

Turkey Casserole

One-quarter cup butter or margarine, ¼ cup all-purpose flour, 2 cups milk, 1 cup grated processed Cheddar cheese (about ¼ pound), 1½ teaspoons salt, ¼ teaspoon pepper, ⅛ teaspoon poultry seasoning, 2 cups diced cooked turkey, 12 small white onions, peeled and cooked, 6 medium sized Louisiana yams, cooked, peeled and cut in half.

Melt butter or margarine over low heat; add flour and blend. Gradually add milk and cook, stirring constantly, until thickened. Add cheese and seasonings; stir until cheese is melted. Fold in remaining ingredients. Turn into greased 2-quart casserole. Bake in moderate oven (350 degrees F) 30 minutes.

Turkey Yam Croquettes

Two cups diced cooked Louisiana yams, 2 cups chopped turkey, 1 tablespoon finely chopped onion, 2 tablespoons chopped parsley, 2 eggs, well beaten, 1½ cups soft bread crumbs, ½ cup chopped raisins, salt and pepper to taste, fine dry bread crumbs, fat.

Combine yams, turkey, onion, parsley, eggs, soft bread crumbs, raisins and salt and pepper to taste; mix well. Shape into eight croquettess. Roll in fine dry crumb Melt enough fat in a skillet to make a depth of 1 inch. Fry croquettes in hot fat until browned on all sides. Remove from fat; drain on absorbent paper. Serve with Spinach sauce.

To make Spinach Sauce: Combine 1 10½-ounce can cream of mushroom soup with 1 cup chopped cooked spinach; cook over low heat to serving temperature.

Cornish Hen Mouthwatering

Mrs. Claude H. Allen, wife of a Minnesota state representative in St. Paul, suggests Rock Cornish Hens for a special treat.

"These birds have a delicate flavor more pronounced than chicken, yet not quite so strong as game. Serve them with a corn bread and wild rice dressing that will make these plump tender birds, just a bit plumper, a bit juicier and even more delicious," she advises.

"Remember in stuffing, not to pack too tightly. All stuffing swells in the baking, and in order for it to remain moist and fluffy, it must be put in with a light touch."

"Make the corn bread for the dressing a day in advance. Serve it for lunch the day before, but leave enough for the next day's dinner.

Stuffed Cornish Hens

Stuffing: Four cups corn bread, crumbled, 1 cup butter or margarine, melted, 1 cup chopped onion, 2 cups chopped celery, 4 cups cooked wild rice, 2 teaspoons salt, ½ teaspoon pepper, 8 Rock Cornish hens.

Mix together all ingredients for stuffing. Stuff lightly into neck region and body cavity of Cornish hens, using about ½ cup stuffing for each hen. Bake remaining stuffing in a casserole. Brush stuffed hens with melted butter in which is sprinkled a bit of paprika. Roast in a moderate oven (375 degrees F.) about 1½ hours, basting once or twice with melted butter. Bake casserole of stuffing in oven during last 30 minutes.

Corn Bread

One cup enriched corn meal, 1 cup sifted enriched flour, 1 teaspoon salt, 4 teaspoons baking powder, 1 egg, 1 cup milk, ¼ cup shortening, soft.

Sift together dry ingredients into bowl. Add egg, milk and shortening. Beat with rotary beater until smooth, abiut 1 minute. Do not overbeat. Bake in greased 8-inch square pan in hot oven (425 degrees F.) 20 to 25 minutes.

Molly Goldberg Authors Cookbook

Molly Goldberg, loved by millions for her warm humor and sense of life, has written a cookbook. It should make people love her even more — especially family people.

We think you'll enjoy these two recipes from the new "The Molly Goldberg Cookbook" (309 pages).

Noodle Layer Pudding

One pound cottage cheese, drained, 4 egg yolks, ½ cup heavy cream, 2 tablespoons sugar, 1 teaspoon salt, 1 pound broad noodles, cooked and drained, ¼ cup bread crumbs, 4 tablespoons melted butter.

Force the cottage cheese through a sieve. (If an electric mixer is to be used, omit this step). Beat the cottage cheese, egg yolks, cream, sugar and salt together until smooth. In a buttered baking dish arrange alternate layers of the noodles and the cheese mixture starting and ending with the noodles. Make as many layers as possible. Sprinkle the bread crumbs and butter on top. Bake in a 35-degree F. oven for 30 minutes.

Four potatoes, peeled, grated and drained, 1 onion, grated, 1 teaspoon salt, ¼ teaspoon freshly ground black pepper, 1 egg, beaten, 3 tablespoons potato starch or flour, ½ teaspoon baking powder, ½ cup shortening.

Mix the potatoes, onion, salt, pepper, potato starch and baking powder until very smooth. Heat the shortening in a skillet. Drop the potato mixture into it by the tablespoonful. Fry until browned on both sides. Drain well. Serve with meat dishes or with apple sauce as a separate course. Note: The potatoes may be grated in an electric olender.

If your family eats lots of celery, you may find yourself throwing away some of the tops you can't use to season soups or gravies. Instead of wasting them, try drying them like herbs. Then you can crumble them and store the bits in a tightly covered jar to use as needed.

"PRIZE BRAND" ALWAYS SAY

Try Tipsy Custard Cake

An original and pretty dessert—that's what Mrs. Margot Rischbein of Cincinnati calls Tipsy Custard Cake.

An English war bride married overseas in the last war, she brought her recipe with her to the United States. But she adapted her recipe to American short cuts.

Tipsy Custard Cake

Cake: One quarter teasoon salt, 4 eggs, cup sugar, 1 teaspoon vanilla, ½ teaspoon lemon extract, 1 cup pancake mix.

Grease well the sides and bottom of a 1½-quart ring mold. Dust with flour. Add salt to eggs; beat until thick and lemon colored. Add sugar a little at a time, beating well after each addition. Add flavorings and pancake mix, stirring lightly until batter is smooth. Spread evenly in ring mold. Bake in moderate oven (350 degrees F.) 25 to 30 minutes. Immediately on taking cake from oven loosen it around edges and turn out on wire rack. When cake is cool, cut crosswise to make three layers.

Custard Filling: One package instant vanilla pudding mix, milk (to make soft custard;, ½ teaspoon lemon extract.

Follow directions on instant pudding mix package. Add, by tablespoons, a little more milk to make a soft custard. Add lemon flavoring.

Topping: One square (1 ounce) unsweetened chocolate, shaved. Put layers of cake together, using about 2-3 cup soft custard and a sprinkling of shaved chocolate between each. Top with additional custard and chocolate.

Note: If additional sauce is desired, use two packages of pudding mix.

Spanish Olives Novel In Dishes

From Utrera, Spain, in the heart of the olive-growing district, come these two recipes featuring Spanish olives.

Senora Tona de la Serna lives there with her husband and two young sons on a hacienda studded with olive trees as far as the eye can see.

She is an expert in Andalusian cookery, supervising her staff while they prepare succulent dishes on woodburning stoves. In a fine handwriting she jotted down these recipes for this column.

Spanish Olive Corn Casserile

One-quarter cup butter or margarine, ¼ cup olive or salad oil, ½ cup finely chopped onions, 1½ cups finely chopped green peppers, 1 medium-sized tomato, chopped, 1 No. 303 can whole kernel corn, drained and chopped, ½ teaspoon pepper, 1 tablespoon sugar, 2 egg yolks, ½ cup chopped pimento-stuffed green olives, ½ cup seedless raisins, 2 hardcooked eggs, chopped, ¼ teaspoon thyme.

Melt 2 tablespoons butter or margarine; add 2 tablespoons olive or salad oil, ¼ cup onion and 1 cup green pepper. Cook until onion is tender. Add tomato and cook 10 minutes. Add corn, pepper, sugar and egg yolks and cook, stirring occasionally, 10 minutes. Meanwhile, melt remaining 2 tablespoons butter or margarine; add remaining 2 tablespoons oil, ¼ cup onion and ½ cup green pepper. Cook until onion is tender. Add olives, raisins, eggs, and thyme; mix well. Spread half of corn mixture in bottom of greased 1½-quart baking dish. Top with olive mixture and remaining corn mixture. Garnish with additional olives, as desired. Bake in moderate oven (350 degrees F.) 20 minutes.

Sea-Food Salad with Olivennaise

One pound shrimp, cooked, shelled and deveined, 1 6½-ounce can crabmeat, drained, cup chopped green peppers, 1 medium-sized onion, finely chopped, ¾ cup chopped celery, ½ teaspoon pepper, 1 cu mayonnaise, ½ cup chopped pimento-stuffed green olives, 1 tablespoon vinegar, 1 cup coarsely crushed potato chips, crisp salad greens.

Combine shrimp, crabmeat, green peppers, onion, celery and pepper. Toss lightly; chill. Combine mayonnaise, olives and vinegar; mix well. Add olive mixture and potato chips to shrimp mixture; toss lightly, but thoroughly. Serve on salad greens.

When your family requests baked fish, you'll save yourself the bother of basting if you select fat fish rather than lean. Some of the fat varieties are sea bass, butterfish, halibut, lake trout, mackerel, pompano, porgie, salmon and whitefish.

Want a tasty sandwich filling? Mix grated cheddar cheese with chopped chutney. These sandwiches taste particularly good when they are pan-toasted in butter in a skillet.

How Dear To Your Hearts Are The Scenes Of A Farm?

Last Tuesday night we were called to our "friends ,the Martigs", to list their 140-acre farm.

We were very much impressed with its provisions for a home and business opportunity. We hadn't visited the Martigs since they moved into their new well-constructed 1-floor plan home, which they recently built for comfort and convenience.

The barn is well equipped for dairying with about 30 cow ties, a very large manger with centrally located feeding facilities, the milk house will pass inspection for Grade A milk; 2 large silos provide storage for conservative feeding throughout the winter months; the large straw shed provides storage and loafing area for the cattle. This is a rare farm opportunity for the enthusiastic young farmer to get started or make a change

Larger farms are getting few and far between, so if you are a farm seeker, come in or call us today as we can reach you and you can reach us with quick satisfying service.
